The words and expressions used but not defined in this Draft Prospectus will have the same meaning as assigned to such terms under the Companies Act, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “Main Provisions of the Articles of Association”, “Statement of Tax Benefits”, “Industry Overview”, “Regulations and Policies”, “Financial Information of the Company”, “Outstanding Litigation and Material Developments” and “Part B” of “Issue Procedure”, will have the meaning ascribed to such terms in these respective sections.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

Certain Conventions

All references in the Draft Prospectus to “India” are to the Republic of India. All references in the Draft Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Draft Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “Narmada Agrobases Limited”, “NAL”, and, unless the context otherwise indicates or implies, refers to Narmada Agrobases Limited. In this Draft Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Use of Financial Data

Unless stated otherwise, throughout this Draft Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Draft Prospectus is derived from our financial statements prepared and restated for the period ended September 30, 2017 and for the financial year ended 2017, 2016, 2015, 2014 and 2013 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2009 included under Section titled “Financial Information of the Company” beginning on page 125 of this Draft Prospectus. Our Company does not have a subsidiary. Accordingly, financial information relating to us is presented on a Standalone basis. Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “Financial Information of the Company” beginning on page 125 of this Draft Prospectus.

For additional definitions used in this Draft Prospectus, see the section “Definitions and Abbreviations” on page 1 of this Draft Prospectus. In the section titled “Main Provisions of Articles of Association”, on page 237 of the Draft Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the draft prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the draft Prospectus is reliable, it has not been independently verified by us or the LM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, the section titled “Basis for Issue Price” on page 72 of the Draft Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the LM, have independently verified such information.

Currency of Financial Presentation and Exchange Rates

All references to "Rupees" or “INR” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “Industry Overview” throughout the Draft Prospectus all figures have been expressed in thousands, Lakhs/Lacs, Million and Crores.

Any percentage amounts, as set forth in "Risk Factors", "Our Business", "Management's Discussion and Analysis of Financial Conditions and Results of Operation” on page 15, 84 & 155, in the Draft Prospectus, unless otherwise indicated, have been calculated based on our restated respectively financial statement prepared in accordance with Indian GAAP.

The Draft Prospectus may contains conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Draft Prospectus includes certain “forward-looking statements”. We have included statements in the Draft Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. Fluctuations in operating costs;
2. Our failure to keep pace with rapid changes in technology;
3. Changes in laws and regulations relating to the sectors/areas in which we operate;
4. Foreign Exchange Fluctuations.
5. Higher interest outgo on our loans
6. Any change in agriculture Industry
7. Our ability to successfully implement our growth strategy and expansion plans;
8. Any adverse outcome in the legal proceedings in which we are involved;
9. Our ability to meet our capital expenditure & working capital expenditure requirements;
10. Our ability to attract and retain qualified personnel;
11. Conflict of Interest with affiliated companies, the promoter group and other related parties; and
12. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
13. Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
14. Changes in government policies and regulatory actions that apply to or affect our business;
15. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
16. The performance of the financial markets in India and globally;
17. The occurrence of natural disasters or calamities;
18. Other factors beyond our control;
19. Our ability to manage risks that arise from these factors.

For further discussion of factors that could cause our actual results to differ, see the Section titled "Risk Factors"; “Our Business” & and "Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 15, 84 & 155 respectively of the Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, our Officers, Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II: RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a better understanding, you should read this section together with "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 84 and 155, respectively, as well as the other financial and statistical information contained in this Draft Prospectus. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition and prospects.

If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our cash flows, business, financial condition and results of operations could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risks where the impact is not quantifiable and hence the same has not been disclosed in such risk factors. Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Before making an investment decision, investors must rely on their own examination of the Issue and us.

This Draft Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

In this Draft Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in "Risk Factors" on page 15 and "Management Discussion and Analysis of Financial Condition and Results of Operations" on page 155 respectively of this Draft Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the "Financial Information of the Company" prepared in accordance with the Indian Accounting Standards.

INTERNAL RISK FACTORS

1. Unfavorable local and global weather patterns may have an adverse effect on our business, results of operations and financial condition.

As an agri-based company, our businesses are sensitive to weather conditions, including extremes such as drought and natural disasters. There is growing concern that carbon dioxide and other greenhouse gases in the atmosphere may have an adverse impact on global temperatures, weather patterns and the frequency and severity of extreme weather and natural disasters. Adverse weather conditions may also cause volatility in the prices of commodities, which may affect growers' decisions about the types and quantum of crops to plant and may consequently affect the sales of our crop protection products. The increasing concern over climate change may also result in enhanced regional and global legal and regulatory requirements to reduce or mitigate the effects of greenhouse gases, as well as more stringent regulation of water rights. In the event that such regulations are enacted and are more aggressive than the sustainability measures that we are currently undertaking to monitor our emissions, improve our energy efficiency, and reduce and reuse water, we may experience significant increases in our costs of operations. Consequently, the occurrence of any such unfavorable weather patterns may adversely affect our business, results of operations and financial condition.

2. *We require certain approvals and licenses in the ordinary course of business, and the failure to obtain or retain them in a timely manner may materially affect our operations.*

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions, some of which could be onerous. Additionally, we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or need to update pursuant to conversion of company from private to public Company.

While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities. There can be no assurance that the relevant authority will issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations. For instance, we are yet to apply for Registration under Shop and Establishment Act and Contract Labour license. Also our Industrial land is registered under gram panchayat and we have not taken factory license for operating our factory. Furthermore, under such circumstances, the relevant authorities may initiate penal action against us, restrain our operations, impose fines/penalties or initiate legal proceedings for our inability to renew/obtain approvals in a timely manner or at all.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavour to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, which have not been obtained by our Company or are, pending renewal, see “Government and Other Approvals” on page 171 of this Draft Prospectus.

Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations.

3. *Our limited operating experience, limited recognition in new markets and in the agriculture products industry may limit our expansion strategy and cause our business and growth to suffer.*

Our company was incorporated on January 24, 2013, with Registrar of Companies, Gujarat. We have commenced our operations in manufacturing cattle feed products. With our limited operating history, potential investors may not be able to analyse our past performances or future prospects. For further details of our financial position and information please refer to section titled "Financial Information of the Company" on page 125 of this Draft Prospectus.

Further, we have a limited number of customers and limited experience in operating our products in these markets and we may face risks in relation to delayed acceptance of our products due to limited recognition. We may also face risks in expanding our operations in geographic areas in which we do not possess the same level of familiarity with the economy, consumer preference, commercial operations and distribution network and with product offerings that we have limited operating experience of. In addition, our competitors in such geographic areas may already have established operations in such geographic areas and particularly in the agriculture and related market, and we may find it difficult to attract customers in such geographic areas.

Our expansion plans could be delayed or abandoned, could cost more than anticipated and could divert resources from other areas of our business or divert management's attention from other aspects of our business and place a strain on our management, operational and financial resources, as well as our information systems, any of which could impact our competitive position and reduce our revenue and profitability. For further details of our business, please refer to the chapter titled “Our Business” beginning on page 84 of this Draft Prospectus.

4. *The Part of our Registered Office and Corporate Office of our Company are not owned by us.*

We operate from our registered office situated at 613/P-1 IJ Pura (Jethaji) Dhanpura Road, Tal. Jotana, Mahesana - 384421, Gujarat, India which is partly owned by us and part of the same has been taken on leased from Mr. Neeraj Sureshchandra Agrawal and Mr.

Suresh Chandra Gupta Promoters of the Company to use the place as registered office vide leave and license Agreement dated December 13, 2017 for a period 25 years. Any discontinuance of facility to use the office will lead us to locate any other premises. Our inability to identify the new premises may adversely affect the operations, finances and profitability of our Company.

Additionally, our Corporate Office situated at 310, Sudarshan Complex, Nr. Mithakhali, Under Bridge, Navrangpura, Ahmedabad-380009, Gujarat has also been taken on lease. Any discontinuance of facility to use the Corporate Office will lead us to locate any other premises. Further the agreement entered for lease of registered office and corporate office are not registered. Our inability to identify the new premises may adversely affect the operations, finances and profitability of our Company.

For further details please refer to section titled “Our Business” on page no. 84 of this Draft Prospectus.

5. Any shortfall in the supply of our raw materials or an increase in raw material costs or other input costs may adversely impact the pricing and supply of our products and have an adverse effect on our business.

Raw materials such as molasses, cotton seed, rice bran oil cake, cotton seed cake and guwar churi and other oil seed cake which are used to manufacture of products of cattle feed are subject to supply disruptions and price volatility caused by various factors, including commodity market fluctuations, the quality and availability of supply, changes in government programs and regulatory sanctions. Our suppliers may be unable to provide us with a sufficient quantity of our raw materials at a suitable price for us to meet the demand for our products and we may not able to hold sufficient licensed quantity of molasses for smooth supply to our manufacturing process. Additionally there is a risk that one or more of these existing suppliers could discontinue their operations, which could adversely impact our ability to source raw materials at a suitable price and meet our order requirements. Any increase in raw material prices will result in corresponding increases in our product costs.

6. We have had certain inaccuracy in relation to regulatory filings to be made with the RoC and our company has made non-compliances of certain provision under applicable law.

In the past, our company has made non-compliance in respect of filing of RoC forms for instance, the forms which was filed in registrar of Companies have some factual discrepancy and errors. Additionally our company has made right issues in the past but the complete details of such right issues are not disclosed in forms filed with registrar of Companies. Further there are some instances where forms are belatedly filed in RoC with requisite additional fees. Also our company has taken unsecured loan from Promoter and Promoter Group. Further our Company may have not complied with some Accounting Standard For instance, Accounting Standards 5, 18 & 22. However, now the Company has made necessary provision and has made necessary compliance in accordance with the Accounting Standards in the re-stated financial statements of the Company.

Although no show cause notice have been issued against our Company till date in respect of above, in the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected. Also with the expansion of our operations there can be no assurance that deficiencies in our internal controls and compliances will not arise, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all.

7. If there is a change in policies related to tax, duties or other such levies applicable to us, it may affect our results of operations.

We benefit from certain tax regulations and incentives that accord favourable treatment to our manufacturing facilities. These tax benefits include income tax deductions. For details regarding income tax deductions, please refer to the chapter “Statement of Tax Benefits” on page 74 of this Draft Prospectus. New or revised accounting policies or policies related to tax, duties or other such levies promulgated from time to time by the relevant authorities may significantly affect our results of operations. We cannot assure you that we would continue to be eligible for such lower tax rates or any other benefits. The reduction or termination of our tax incentives, or non-compliance with the conditions under which such tax incentives are made available, will increase our tax liability and adversely affect our business prospects, results of operations and financial condition.

8. *Our application for registration of our trademark is objected and we are yet apply for registration of our trademark. Such failure to protect our intellectual property rights could adversely affect our competitive position, business, financial condition and profitability.*

Our application for registrations of our trademark  is objected and we are yet to file application for registration of our trademark . The registration of any intellectual property right is a time-consuming process, and there can be no assurance that any such registration will be granted. For details please refer to the chapter “Government and other Approvals” on page 171 of this Draft Prospectus. In the absence of such registration, competitors or other companies may challenge the validity or scope of our intellectual property. Unless our trademarks are registered, we may only get passing off relief for our Trademarks, if used by others, which could materially and adversely affect our business. Similarly, in case our trademark are rejected or objected, this could adversely affect our competitive position, business, financial condition and profitability.

Further, if our unregistered trademarks are registered in favour of a third party, we may not be able to claim registered ownership of such trademarks, and consequently, we may be unable to seek remedies for infringement of those trademarks by third parties other than relief against passing off by other entities. Our inability to obtain or maintain registration may adversely affect our competitive business position.

9. *We may not be able to manage the growth of our business effectively or continue to grow our business at a rate similar to what we have experienced in the past.*

We have witnessed significant growth in our business and operations since incorporation. A principal component of our strategy is to continue our pace of growth by expanding the size and scope of our businesses. We cannot assure you that our growth will continue at a rate similar to what we have experienced in the past. If we fail to expand at a sufficiently rapid pace, we may lose market share and potential clients to our competitors.

Our growth has placed, and continues to place, significant demands on our internal administrative infrastructure, our managerial, technical and operational capabilities as well as our financial, management and other internal risk control systems. In addition, continuous expansion increases the challenges involved with our ability to:

- Maintain high levels of client satisfaction and quality standards;
- Improve our operations and technology systems and maintain risk management standards;
- Preserve a uniform culture, values and work ethic in our operations.

We cannot assure you that our current policies and systems will adequately address these challenges, or that new risks will not arise as a result of our growth which we have not anticipated. If one or a combination of the above-mentioned factors were to arise, we may not be able to continue to grow our business which could affect our business, financial condition and results of operations.

10. *We have experienced negative cash flows in the past. Any such negative cash flows in the future could affect our business, results of operations and prospects.*

Our Company had reported certain negative cash flows from our operating, investing activities and financing activities in the previous years as per the Restated Financial Statements and the same are summarized as under:

Particulars	For the period ended (in Lacs)	For the year ended (in lacs)				
	30.09.2017	31.03.2017	31.03.2016	31.03.2015	31.03.2014	31.03.2013
Cash flow from Operating Activities	94.15	(97.46)	60.51	(240.62)	(145.83)	(1.90)
Cash flow from Investing Activities	142.14	(65.38)	(112.99)	(14.75)	(307.80)	--
Cash flow from Financing Activities	(216.88)	145.65	54.80	245.29	482.52	5.00

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If our Company is not able to generate sufficient cash flows, it may affect our business and financial operations. For further please refer chapter titled “Financial Information of the company” beginning on Page 125 of this Draft Prospectus.

11. Our manufacturing operations are critical to our business and any shutdown of our manufacturing facilities may have an adverse effect on our business, results of operations and financial condition

Our manufacturing facility/factory is located at, 613/P-1 IJ Pura (Jethaji) Dhanpura Road, Tal. Jotana, Mahesana -384421, Gujarat, India. Our success depends on our ability to successfully manufacture and deliver our products to meet our customer demand. Our manufacturing facility is also susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. It is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties.

If our Company experiences delays in production or shutdowns at our facility due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company's operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations.

Further, continuous addition of industries in and around our manufacturing facilities without commensurate growth of its infrastructural facilities may put pressure on the existing infrastructure therein, which may adversely affect our business.

12. Loss of major clients or the deterioration of their financial condition or prospects could have a material adverse effect on our business.

The business contribution of our top ten clients for the years period 30, September 2017 is 33.13% of our Revenue from Operations. For further details of our top ten Customer, please refer chapter titled "Management's Discussion & Analysis of Financial Conditions & Results of operations" on page 155 of this Draft Prospectus. While our strategy is intended to enable us to increase our revenues and earnings from our major customer. In addition, our customers are industries that may experience adverse business and financial conditions during economic downturn. The deterioration of the financial condition or business prospects of these customers could reduce their need for our Product, and result in a significant decrease in the revenues and earnings we derive from these customer.

Additionally, we are also exposed to payment delays and/or defaults by our customers and our financial position and financial performance are dependent on the creditworthiness of our customers. There is no guarantee that all or any of our customers will honor their outstanding amounts in time and whether they will be able to fulfill their obligations, due to any financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur from all or any of our major customer, our financial performance and our operating cash flows may be adversely affected.

13. Misconduct or errors by manpower engaged by us could expose us to business risks or losses that could affect our business prospects, results of operations and financial condition.

Misconduct or errors by manpower engaged by us could expose us to business risks or losses, including regulatory sanctions, penalties and serious harm to our business. Such misconduct includes breach of security requirements, misappropriation of funds, hiding unauthorized activities, failure to observe our stringent operational standards and processes and improper use of confidential information. It is not always possible to detect or deter such misconduct, and the precautions we take to prevent and detect such misconduct may not be effective. We have a large workforce deployed across India. Consequently, our ability to control the workplace environment in such circumstances is limited. The risks associated with the deployment of manpower engaged by us across several locations include, among others, possible claims relating to:

- actions or inactions, including matters for which we may have to indemnify our clients;
- Our failure to adequately verify personnel backgrounds and qualifications resulting in deficient services;
- failure of manpower engaged by us to adequately perform their duties or absenteeism;
- errors or malicious acts or violation of security, privacy, health and safety regulations; and

These claims may give rise to litigation and claims for damages, which could be time-consuming. These claims may also result in negative publicity and affect our business. Any claims and proceedings for alleged negligence as well as regulatory actions may in turn materially and consequently, our business, financial condition, results of operations and prospects.

14. We depend on our senior management team and a loss of any of our senior management may affect our ability to operate or grow our business.

Our success depends to a large extent upon the continued services of our senior management team. Our senior management and executive officers are not bound by employment or non-competition agreements and we cannot assure you that we will be able to retain them or other executive officers. We could be affected by the loss of any of our senior management or other executive officers. The market for such qualified professionals is competitive and we may not continue to be successful in our efforts to attract and retain qualified people. Our success also depends, in part, on key client relationships forged by members of our senior management. If we were to lose these members of our senior management, we cannot assure you that we will be able to continue to maintain key client relationships or renew them. If we are unable to retain these members of our senior management, our business, results of operations and financial condition may be affected.

For further details of our management, Please refer chapter titled “Our Management” beginning on Page 107 of this Draft Prospectus.

15. We do not have any long-term agreement or contract for supply of raw materials& consequently are exposed to price and supply fluctuations for our raw materials.

We are, to a major extent, dependent on external suppliers for our raw materials requirements and we do not have any long-term supply agreements or commitments in relation to the same or for any other raw materials used in our manufacturing process. Consequently, we are exposed to price and supply fluctuations in raw materials, and these fluctuations may adversely affect our ability to obtain orders and/or to execute them in a timely manner, which would have a material adverse effect on our business, results of operations and financial condition.

In case of non-availability of raw materials on favourable terms we may have to procure the same at the terms and conditions prevalent at that point. This will result in reducing our revenues by a considerable amount due to shortage of raw material and job worker or due to inability to procure the same. Further, unfavourable terms of raw materials may also force us to reduce the scale of our operations resulting in a down-sizing of our overall business. We may have to put on hold any expansion plans and our business will be adversely affected.

16. One of our Promoter, Director and our Key Management Personnel do not have documents for their educational qualifications and professional experience, as disclosed in the section entitled “Our Management”.

In accordance with the disclosure requirements stipulated under the SEBI Regulations, the brief biographies of our Directors and Key Management Personnel disclosed in the section entitled “Our Management” on page 107 of this Draft Prospectus include details of their educational qualifications and professional experience for Mr. Suresh Chandra Gupta However, the original documents evidencing such educational qualifications and professional experience are not available with respect to some of our Director and Key Management Personnel. Accordingly, we have relied on affidavits provided by such Directors and Key Management Personnel to verify the authenticity of such disclosures.

For further details of our Directors, Please refer to chapter titled “Our Management” beginning on Page 107 of this Draft Prospectus.

17. Our Promoter and Promoter Group members has provided personal guarantees and mortgage personal property for loans availed by our Company. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected by the invocation of all or any personal guarantees provided by our Promoter and Promoter Group members.

Our Promoter and Promoter Group Members has provided personal guarantees and mortgage personal property to secure a significant portion of our existing borrowings, and may post listing continue to provide such guarantees and other security. In case of a default under our loan agreements, any of the personal guarantees and personal property provided by our Promoter and Promoter Group Members may be invoked, which could negatively impact the reputation of our Company. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. In addition, our Promoter and Promoter Group Members may be required to liquidate his shareholding in our Company to settle the claims of the lenders, thereby diluting his shareholding in our Company. We may also not be successful in procuring alternate guarantees

satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer “Statement of Financial Indebtedness” on page no. 152 of this Draft Prospectus.

18. Our lenders have imposed certain restrictive conditions on us under our financing arrangements, which may limit our ability to expand our business and our flexibility in planning for, or reacting to, changes in our business and industry.

We have entered into agreements for short-term and long-term loans and other borrowings. Some of these agreements contain restrictive covenants relating to issuance of new shares, changes in capital structure, making material changes to organizational documents, implementing any expansion scheme, incurring further indebtedness and making investments over certain thresholds. Furthermore, some of our financing arrangements specify that upon the occurrence of an event of default, the lender shall have the right to, *inter alia*, cancel the outstanding facilities available for drawdown, declare the loan to be immediately due and payable with accrued interest and enforce rights over the security created.

There can be no assurance that we will be able to comply with these financial or other covenants, or that we will be able to obtain the consents necessary to proceed with the actions which we believe are necessary to operate and grow our business, which may in turn have a material adverse effect on our business and operations. We cannot provide any assurance that our lenders will not enforce their rights relating to our breach of financial covenants, or grant us waivers with respect to any such breaches. In the event that any lender seeks the accelerated repayment of any such loan or seeks to enforce any other rights against us, it may have a material adverse effect on the business, cash flows and financial condition of the entity against which repayment is sought.

For details of our Indebtedness, kindly refer chapter titled “Statement of Financial Indebtedness” beginning on page 152 of Draft Prospectus.

19. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.

Modernization and technology up gradation is essential to reduce costs and increase the efficiency. Our technology may become obsolete or may not be upgraded timely, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we are utilizing latest technology by using latest machineries and equipments, we shall continue to strive to keep our technology updated. In case of a new found technology in the cattle feed and allied sector, we may be required to implement new technology employed by us. Further, the cost in upgrading our technology is significant which could substantially affect our finances and operations.

20. The unsecured loan availed by our Company from our Promoter/promoter group maybe recalled at any given point of time.

Our Company has been availing unsecured loans from our Promoter and Promoter group from time to time. The total outstanding payable to them as on September 30, 2017 amounts to Rs. 62.97 Lacs. Although there are no terms and condition prescribed for repayment, this outstanding loan can be recalled at any given point of time during ordinary course of business and thus may affect the business operations and financial performance of our Company.

For details of our Indebtedness, kindly refer chapter titled “Statement of Financial Indebtedness” beginning on page 152 of Draft Prospectus.

21. We have not identified any alternate source of raising the working capital mentioned as our ‘Objects of the Issue’. The deployment of funds is entirely at our discretion and as per the details mentioned in the section titled “Objects of the Issue”. Any revision in the estimates may require us to reschedule our projected expenditure and may have a bearing on our expected revenues and earnings. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.

Our Company has not identified any alternate source of funding for our working capital requirement and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of working capital or may result in borrowing funds on unfavourable terms, both of which scenarios may affect the business operation and financial performance of the company.

For further details of our working capital requirement, Please refer chapter titled “Object for the Issue” beginning on page 66 of this Draft Prospectus.

22. Our business is manpower intensive and our business may be affected if we are unable to obtain or retain employees on contract or at commercially attractive costs.

Our success depends on our ability to attract, hire and retain skilled and unskilled labour. Our business is manpower intensive and our continued growth depends in part on our ability to recruit and retain suitable staff. We have faced increasing competition for management and skilled personnel with significant knowledge and experience in the agricultural sector in India. There can be no assurance that attrition rates for our employees, particularly our sales personnel, will not increase. A significant increase in our employee attrition rate could also result in decreased operational efficiencies and productivity, loss of market knowledge and customer relationships, and an increase in recruitment and training costs, thereby materially affecting our business, results of operations and financial condition. We cannot assure you that we will be able to find or hire personnel with the necessary experience or expertise to operate our business. In the event that we are unable to hire people with the necessary knowledge or the necessary expertise, our business may be severely disrupted, financial condition and results of operations may be affected.

Additionally, we have seen an increasing trend in manpower costs in India, which has had a direct impact on our employee costs and consequently, on our margins. Further, the minimum wage laws in India may be amended leading to upward revisions in the minimum wages payable in one or more states. We may need to increase compensation and other benefits in order to attract and retain key personnel in the future and that may materially affect our costs and profitability. We cannot assure you that as we continue to grow our business in the future, our employee costs coupled with operating expenses will not significantly increase.

23. We are susceptible to risks relating to unionization of our employees or personnel employed by our business partners.

None of our employees are currently represented by a recognized collective bargaining agreement. We cannot assure you that our employees will not unionize, or attempt to unionize in the future, that they will not otherwise seek higher wages and enhanced employee benefits. We also cannot assure you that we will not experience disruptions in our work due to disputes or other problems with our workforce. If not resolved in a timely manner, these risks could limit our ability to provide our services to our clients, cause clients to limit their use of our services or result in an increase in our cost of employee benefits and other expenses. If any of these risks materialize, our business, results of operations and financial condition could be affected.

24. Any failure to comply with financial and other restrictive covenants imposed on us under our financing agreements may affect our operational flexibility, business, results of operations and prospects.

As on September 30, 2017, our total secured borrowings amounted to Rs. 635.43 Lacs. Our leverage has several important consequences, including the following:

- A portion of our cash flow will be used towards repayment of debt, which will reduce the availability of cash to fund working capital requirements, capital expenditures and other general corporate purposes;
- Our borrowing cost and the existence of encumbrances on a significant portion of our immovable properties may constrain. In the event of enforcement of an event of default in connection with such secured borrowings (which is not waived or cured), our ability to continue to operate our business at such locations may be restricted;
- Fluctuations in interest rates may affect our cost of borrowing, as all or a substantial part of our borrowings is at floating rates of interest; and
- Our financing agreements require us to obtain the consent of, or to intimate, our lenders for certain actions including change in shareholding or directorship of our Company, drawdown of further loans, issuance of guarantees, and for certain corporate actions, including alterations to our Memorandum and Articles of Association. Our failure to comply with financial or restrictive covenants or periodic reporting requirements or to obtain our lenders’ consent to take certain actions in a timely manner or at all may result in declaration of an event of default by any current or future lenders, which may accelerate repayment or increase applicable interest rates or trigger cross-default or cross-acceleration under other financing agreements.

The termination of, or declaration or enforcement of default under, any current or future financing agreement (if not waived or cured) may affect our ability to raise additional funds or renew maturing borrowings to finance our existing operations and pursue our growth initiatives and, therefore, have an effect on our business, results of operations and prospects.

For further details of our loans, Please refer chapter titled “Statement of Financial Indebtedness” beginning on Page 152 of this Draft Prospectus

25. We are subject to competition from both organized and unorganized players in the market, which may significantly affect the fixation and realization of the price for our product, which may adversely affect our business operation and financial condition.

The market for our products is competitive on account of existence of both the organized and unorganized players. Competition occurs generally on the key attributes such as quality of products, distribution network, pricing and timely delivery. Some of our competitors have longer industry experience and greater financial, technical and other resources, which may enable them to adopt faster in changing market scenario and remain competitive. Moreover, the unorganized sector can offers their products at highly competitive prices which may not be matched by us and consequently affect our volume of sales and growth prospects. Growing competition may result in a decline in our market share and may affect our margins which may adversely affect our business operations and our financial condition.

For further details of our business, Please refer chapter titled “Our Business” beginning on Page 84 of this Draft Prospectus

26. Our Company’s failure to maintain the quality standards of the products could adversely impact our business, results of operations and financial condition.

The demand for our products depends on quality that we manufacture and market. Any failure of ours to maintain the quality standards may affect our business. Although we have put in place strict quality control procedures, we cannot assure that our products will always be able to satisfy our customer’s quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products or any other unforeseen events could adversely affect our reputation, our operations and our results from operations.

27. We face foreign exchange risks that could affect our results of operations.

We face foreign exchange rate risk to the extent that certain of our capital purchases are denominated in a currency other than the Indian Rupee. Because of our foreign currency exposures, exchange rate fluctuations between the Indian Rupee and foreign currencies, especially the U.S. dollar, can have a material impact on our results of operations, cash flows and financial condition. The exchange rate between the Indian Rupee and U.S. dollar has been volatile in recent periods and may continue to fluctuate in the future.

Fluctuations in the exchange rates may affect us to the extent of such orders being placed overseas by us. Our Company may enter into certain contracts to hedge exchange rate fluctuations which may or may not adequately cover the potential loss that may arise as a result of such foreign exchange transactions. Moreover, these hedges do not cover all such exposures and are in any event subject to their own risks, including counterparty credit risk. Adverse moves in exchange rates that we have not adequately hedged may impact our profitability and financial condition.

For further details of our financial statements, please refer to the chapter titled “Financial Information of the Company” on page 125 of this Draft Prospectus.

28. Conflicts of interest may arise out of common business objects between our Company and Group Entity.

Conflicts may arise in the ordinary course of decision-making by the Promoter or Board of Directors. Our Promoter have interests in other entity such as Narmada Agro Industries that undertake the same business as our Company but not in operation from past years. Our Group entity are authorized to carry out, or engage in business similar to that of our Company and may in future initiate its activities. Conflicts of interests may arise in the Promoter allocating or addressing business opportunities and strategies among our Company, entity in circumstances where our respective interests diverge. In cases of conflict, there can be no assurance that our Promoter will not favour their own interests over those of our Company. Our Promoter have not signed any non-compete agreement

with our Company as of date. Any such present and future conflicts could have an effect on our business, reputation, financial condition and results of operations.

For further details, please refer section titled “Our Promoter and Promoter Group” beginning on Page 119 of this Draft Prospectus.

29. Our Company has in the past entered into related party transactions and may continue to do so in the future.

We have entered into and may in the course of our business continue to enter into transactions specified in the Restated Financial Information contained in this Draft Prospectus with related parties that include our Promoter and Directors and Promoter Group entities. For further details in relation to our related party transactions, see “Related Party Transactions” on page 148 of this Draft Prospectus. While we believe that all such transactions have been conducted on an arm’s length basis and in the ordinary course of business, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. The Companies Act, 2013 has brought into effect significant changes to the Indian company law framework, including specific compliance requirements such as obtaining prior approval from audit committee, the board of directors and shareholders for certain related party transactions. There can be no assurance that such transactions, individually or in the aggregate, will not have a material effect on our financial condition and results of operations.

30. Delays or defaults in client payments could result in a reduction of our profits

We may be subject to working capital risks due to delays or defaults in payment by customer, which may restrict our ability to procure raw materials and make payments when due. In addition, any delay or failure on our part to supply the required quantity or quality of products, within the stipulated time to our customers may affect our payment schedule and business image. Therefore any defaults/delays by our customer in meeting their payment obligations to us may have a material adverse effect on our business, financial condition and results of operations.

31. Our lenders have charge over our immovable properties in respect of finance availed by us.

We have provided security in respect of loans / facilities availed by us from banks and financial institutions by creating a charge over our immovable properties. The total amounts outstanding and payable by us as secured loans were Rs. 635.43 lacs as on September 30, 2017. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further details of secured loans of our Company, please refer the chapter titled Financial Indebtedness on page no. 152 of this Draft Prospectus.

32. The deployment of funds raised vide the issue will be entirely at our discretion and as per the details mentioned in the Chapter titled “Objects of the Issue”. The delay, if any, in the implementation or utilization of funds raised in the public issue may affect our operation and results.

Our funding requirements and the deployment of the Net Issue proceeds are based on estimates of our management and promoters, these estimates have not been appraised by any bank or financial institution. We cannot assure that these estimates are accurate. Further, the deployment of the funds towards the “Objects of the Issue” will be entirely at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. However, the deployment of funds will be subject to monitoring by our audit committee.

Further, the proposed schedule may be delayed by any reason whatsoever, including any delay in completion of the Issue. As we have not identified any alternate source of finance for the “Object of the Issue”, if the schedule of implementation is delayed, we may have to revise our working capital limits resulting in unprecedented financial mismatch and this may affect our revenues and results of operations.

For further information, please refer the chapter titled “Object of the Issue” beginning on page 66 of the Draft Prospectus.

33. *Our Promoters, together with our Promoter Group will continue to retain majority shareholding in our Company after the Issue. We cannot assure you that our Promoters and Promoter Group will always act in the best interests of the Company or you.*

The majority of our issued and outstanding Equity Shares are currently beneficially owned by the Promoters and the Promoter Group. Upon completion of the issue, the Promoters along with the Promoter Group will continue to own 51,87,063 Equity Shares, or 68.91% of our post-issue Equity Share capital, assuming full subscription of the issue. Accordingly, the Promoters and the Promoter Group will continue to exercise significant influence over our business policies and affairs and all matters requiring shareholders' approval, including the composition of the Board of Directors, the adoption of amendments to our constitutional documents, lending, investments and capital expenditures.

This concentration of ownership also may delay, defer or even prevent a change in control of our company and may make some transactions more difficult or impossible without the support of these stockholders which could have an adverse effect on the company. The interests of the Promoters and Promoter Group as the Company's controlling shareholders could conflict with the Company's interests or the interests of its other shareholders. We cannot assure that the Promoters and Promoter Group will act to resolve any conflicts of interest in the Company's or your favour.

34. *We have significant ongoing funding requirements and may not be able to raise additional capital in the future. As a result we may not be able to respond to business opportunities, challenges or unforeseen circumstances.*

Our major fund based and non-fund based financial assistance has been sanctioned by the bank, i.e. the Dena Bank on the security of assets. The Company is dependent on Dena Bank for its Working Capital requirement and any default under such arrangement with such lender may create problem for operation of the Company, which may affect the financial stability of the Company. At the same time this may result into difficulty in arranging for funds for re-payment and may also affect the financial position of the Company. If we are unable in the future to generate sufficient cash flow from operations or borrow the necessary capital to fund our future capital expenditures, we will be forced to limit our growth. In addition, we may not be able to service our existing customers or to acquire new customers. The inability to raise additional capital on acceptable terms could have an effect on our business, results of operations and financial condition.

For further details of our loans, Please refer chapter titled "Statement of Financial Indebtedness" beginning on Page 152 of this Draft Prospectus.

35. *Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Draft Prospectus is based on factual data and proposed capacity is based on certain assumptions and has been subjected to rounding off, and future production and capacity utilization may vary.*

Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Draft Prospectus is based on factual data of past years and proposed capacity utilization is based on various assumptions and estimates of our management, including proposed operations, assumptions relating to availability and quality of raw materials, assumptions relating to operational efficiencies, as well as assumptions in relation to the average density of products manufactured by us. Actual production levels and utilization rates may differ significantly from the estimated production capacities or capacity utilization information of our facilities. Undue reliance should therefore not be placed on our production capacity or estimated capacity utilization information for our existing facilities included in this Draft Prospectus. For further information, see the section titled "Our Business" on page 84 of this Draft Prospectus.

36. *Increases in interest rates may materially impact our results of operations.*

Substantially all of our secured debt carries interest at floating interest rates or at rates that are subject to adjustments at specified intervals. We may further be unable to pass any increase in interest expense to our existing customers. Any such increase in interest expense may have a material effect on our business, financial condition, results of operations and cash flows. Furthermore, if we decide to enter into agreements to hedge our interest rate risk, there can be no assurance that we will be able to do so on commercially reasonable terms, that our counterparties will perform their obligations, or that these agreements, if entered into, will protect us fully against our interest rate risk.

For further details of our loans and interest rate, Please refer chapter titled “Statement of Financial Indebtedness” beginning on Page 152 of this Draft Prospectus.

37. Any Penalty or demand raise by statutory authorities in future will affect our financial position of the Company.

Our Company is mainly engaged in business of manufacturing of cattle feeds which attracts tax liability such as goods & Service Tax, Income Tax and other applicable provision of the Acts. However the Company has been filing the return regularly under above applicable acts but any demand or penalty raise by concerned authority in future for any previous year and current year will affect the financial position of the Company. For detail, Please refer “Outstanding Litigation and Material Development” beginning on page 168 of Draft Prospectus. Any such penalty arising in future may lead to financial loss to our Company.

38. We have not independently verified certain data in this Draft Prospectus.

We have not independently verified data from the Industry and related data contained in this Draft Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

39. In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Some of our Directors are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our Directors would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our Directors will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. Our Directors may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority Shareholders, such as actions with respect to future capital raising or acquisitions. We cannot assure you that our Directors will always act to resolve any conflicts of interest in our favour, thereby affecting our business and results of operations and prospects.

40. Our business operations may be materially affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

We have not experienced any major disruptions to our business operations due to disputes or other problems with our work force in the past, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. Although our employees are not currently unionized, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material impact on our business, results of operations and financial condition. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Shortage of skilled personnel or work stoppages caused by disagreements with employees could have an effect on our business and results of operations.

For further details of our Employees, please refer to chapter titled “Our Business” beginning on page 84 of the Draft Prospectus.

41. Any shortage or non-availability of power supply may adversely affect our manufacturing processes and have an adverse impact on our results of operations and financial condition.

Our manufacturing process requires a constant power supply which is met by State Electricity Board. In the event there is any disruption of power supply for long from State Electricity Board, the same could result in disruption of our manufacturing process which may adversely affect our results of operations and financial condition of the company. However there have been no such instances of long outages in the past few years.

42. The requirements of being a listed company may strain our resources and distract management.

We have no experience as a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public that is associated with being a listed company. As a listed company, we will incur additional legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing agreements with the Stock Exchanges and compliances of SEBI Listing Regulation, 2015 which would require us to file audited annual and unaudited semi-annual and limited review reports with respect to our business and financial condition. If we delay making such filings, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures, internal control over financial reporting and additional compliance requirements under the Companies Act, 2013. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner.

43. We have in the last 12 months issued Equity Shares at a price that may be at lower than the Issue Price.

In the last 12 months we may have issued fresh Equity Shares to the promoters and other shareholders of our Company which are as follows:-

- Bonus issue in the ratio of 95:100 dated November 22, 2017 issuing 2478313 Equity shares face value ₹10/- per Equity Share for consideration other than cash.

The Equity Shares allotted to investors pursuant to this Issue is being priced significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time.

For Further details of equity shares issued, please refer to the chapter titled "Capital Structure" beginning on page 54 of the Draft Prospectus.

44. Our insurance coverage may be inadequate to cover all possible economic losses and liabilities associated with our business.

We believe that our company have maintain insurance coverage in the amount that is commercially appropriate, we may not have sufficient insurance coverage to cover all economic losses, including when the loss suffered is not easily quantifiable and when our reputation has been damaged. Our insurance coverage includes insurance against damage, loss of profit and business interruption, and third party liability. The list of insured accidents includes risk of damage caused as a result of assets, burglary, fire and product. Even if we have made a claim under an existing insurance policy, we may not be able to successfully assert our claim for any liability or loss under such insurance policy. Any large uninsured loss or insured loss which significantly exceeds the insurance coverage could adversely affect our business, financial condition, results of operations and prospects. For further details of insurance, please refer section titled "Our Business" beginning on page no. 84 of this Draft Prospectus.

45. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 124 of this Draft Prospectus.

46. The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares has been determined on the basis of the Fixed Price Process. This price is based on numerous factors. For further information, see “Basis for Issue Price” beginning on page 72 of this Draft Prospectus and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price are:

- Quarterly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts; Speculation in the press or investment community;
- Speculation in the press or investment community;
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

47. We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the IPO Proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company’s Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company’s Equity Shares. Additionally the disposal, pledge or encumbrance of Equity Shares by any of our Company’s major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future. You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares. Capital gains arising from the sale of our Equity Shares are generally taxable in India.

48. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities may differ from those that would apply to a company in another jurisdiction. Investors may have more difficulty in asserting their rights as shareholders in an Indian company than as shareholder of a corporation in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other jurisdictions. Under the Companies Act, prior to issuance of any new equity shares, a public limited company incorporated under Indian law must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain existing ownership, unless such pre-emptive rights are waived by a special resolution by a three-fourths majority of the equity shareholders voting on such resolution. If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file an offering document or a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interest in our Company would decline.

49. *The average cost of acquisition of Equity Shares by our Promoters could be lower than the Issue Price.*

Our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price as may be decided by the Company, in consultation with the LM. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapters "Capital Structure" beginning on page 54 of this Draft Prospectus.

50. *A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.*

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the takeover regulations in India, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Indian takeover regulations.

51. *Our Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Issue, an active trading market for the Equity Shares may not develop, the price of our Equity Shares may be volatile and you may be unable to resell your Equity Shares at or above the Issue Price or at all.*

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for our Equity Shares will develop or, if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is determined considering various financials factors of the Company and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Issue could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Draft Prospectus. A decrease in the market price of our Equity Shares could cause you to lose some or all of your investment.

EXTERNAL RISK FACTORS

52. Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors' assessments of our Company's financial condition. Our failure to successfully adopt IFRS may have an effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.

Our financial statements, including the financial statements provided in this Draft Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, see "Certain Conventions, Use of Financial Information and Market Data & Currency of Financial Presentation" beginning on page 12 of this Draft Prospectus. Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited.

India has decided to adopt the "Convergence of its existing standards with IFRS" and not the "International Financial Reporting Standards" ("IFRS"), which was announced by the MCA, through the press note dated January 22, 2010. These "IFRS based / synchronized Accounting Standards" are referred to in India as IND (AS).

Public companies in India, including our Company, may be required to prepare annual and interim financial statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, the Finance Minister, during the Budget speech, 2014, proposed the adoption of IND (AS) by Indian companies from fiscal 2016 on a voluntary basis, and from fiscal 2017 on a mandatory basis. Accordingly, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards (i.e., IND (AS)) and for future periods.

Further, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an effect on the trading price of our Equity Shares.

Moreover, our transition to IFRS reporting may be hampered by increasing competition and increased costs for the relatively small number of IFRS-experienced accounting personnel available as more Indian companies begin to prepare IFRS financial statements. Any of these factors relating to the use of IFRS-converged Indian Accounting Standards may affect our financial condition.

53. Our business and operations may be affected by fluctuations in performance of the Indian economy and general economic activity in India.

The demand for our products is highly dependent on the general level of commercial activity, agricultural industry and economic conditions in India. India has experienced a slowdown in economic growth in prior periods due to a variety of factors, including disruption in global financial and credit markets, global demand and supply patterns, a high current account deficit, capital outflows, exchange rate pressures and escalation in prices of fuel and other commodities. During periods of economic downturn, many companies reduce their use of outsourced logistics services. We may also experience increased competitive pricing pressure during periods of economic downturn. Any significant economic downturns, such as those in 2008 and 2009, in India or in the global markets could materially and adversely affect our business, clients and contractual counterparties, especially if such a slowdown were to be continued and prolonged. In periods of high rates of inflation, our operating expenses may increase. Conversely, periods of low inflation may result in lower demand for our products. The occurrence of one or a combination of the above-mentioned factors could materially affect our business, financial condition, results of operations and prospects.

54. Political instability or a significant change in the Government's economic liberalization and deregulation policies could adversely affect our business and the price of our Equity Shares.

Our business and clients are located in India and we currently derive all of our revenues from operations in India and all of our assets are located in India. Consequently, our performance, market price and liquidity of our Equity Shares may be affected by changes in control, government policies, taxation, social and ethnic instability, social/civil unrest and other political and economic developments affecting India. The Indian Government has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Government policies could adversely affect business and economic conditions in India, as well as our ability to implement our strategy and our future financial performance. Our business is also impacted by regulations and conditions in the various states in India where we operate. Since 1991, successive Indian Governments have pursued policies of economic liberalization. The current Government has announced that its general intention is to continue India's current economic and financial sector liberalization and deregulation policies, including significantly relaxing restrictions on the private sector and encouraging the development of the Indian financial sector. However, there can be no assurance that such policies will be continued. The rate of economic liberalization could change and specific laws and policies affecting finance companies, foreign investment, currency exchange and other matters affecting investment in our securities could change as well. Any significant change in India's economic liberalization and deregulation policies could adversely affect business and economic conditions in India generally and our business in particular.

55. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws and regulations, may adversely affect our business, financial condition and financial performance.

Our business is subject to a significant number of tax regimes. The applicable categories of taxes and tax rates also vary significantly from state to state, which may be amended from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each country as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditure incurred. Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business or the regulator enforcing them in any one of those countries may adversely affect our results of operations.

To the extent that we are entitled to certain tax benefits in India which are available for a limited period of time, our profitability will be affected if such benefits will no longer be available, or are reduced or withdrawn prematurely or if we are subject to any dispute with the tax authorities in relation to these benefits or in the event we are unable to comply with the conditions required to be complied with in order to avail ourselves of each of these benefits. See "Statement of Tax Benefits" on page 74 for details in relation to possible tax benefits available to our Company. In the event that any adverse development in the law or the manner of its implementation affects our ability to benefit from these tax incentives, our business, results of operations, financial condition and prospects may be adversely affected.

Changes in the operating environment, including changes in tax law, could impact the determination of our tax liabilities for any given tax year. Taxes and other levies imposed by the Government or State Governments that affect our industry include income tax and other taxes, duties or surcharges introduced from time to time. The tax scheme in India is extensive and subject to change from time to time and any adverse changes in any of the taxes levied by the GoI may adversely affect our competitive position and profitability. We cannot assure you that the GoI may not implement new regulations and policies which will require us to obtain approvals and licenses from the GoI and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the countries in which we operate may materially and adversely affect our business, results of operations and financial condition. In addition, we may have to incur expenditure to comply with the requirements of any new regulations, which may also materially harm our results of operations. We are also subject to these risks in all our overseas operations depending on each specific country. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities. As a result, any such changes or interpretations may adversely affect our business, financial condition and financial performance. Further, changes in capital gains tax or tax on capital market transactions or sale of shares could affect investor returns.

56. Our performance is linked to the stability of policies and the political situation in India.

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Since 1991, successive Indian governments have pursued policies of economic liberalization and financial sector reforms. The current Government has announced its general intention to continue India's current economic and financial sector liberalization and deregulation policies. However there can be no assurance that such policies will be continued and a significant change in the government's policies in the future could affect business and economic conditions in India and could also affect our business, prospects, financial condition and results of operations.

Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

57. Civil disturbances, regional conflicts and other acts of violence in India and abroad may disrupt or otherwise adversely affect the Indian economy.

Certain events that are beyond the control of our Company, such as violence or war, including those involving India, the United Kingdom, the United States or other countries, may adversely affect worldwide financial markets and could potentially lead to a severe economic recession, which could adversely affect our business, results of operations, financial condition and cash flows, and more generally, any of these events could lower confidence in India's economy. Southern Asia has, from time to time, experienced instances of civil unrest and political tensions and hostilities among neighbouring countries. Political tensions could create a perception that there is a risk of disruption of services provided by India-based companies, which could have an adverse effect on our business, future financial performance and price of the Equity Shares. Furthermore, if India were to become engaged in armed hostilities, particularly hostilities that are protracted or involve the threat or use of nuclear weapons, the Indian economy and consequently Company's operations might be significantly affected. India has from time to time experienced social and civil unrest and hostilities, including riots, regional conflicts and other acts of violence. Events of this nature in the future could have an adverse effect on our ability to develop our business. As a result, our business, results of operations and financial condition may be adversely affected.

58. Our business and activities are regulated by the Competition Act.

The Competition Act, 2002 (the "Competition Act") was enacted for the purpose of preventing practices having an adverse effect on competition in India and has mandated the Competition Commission of India (the "CCI") to regulate such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to adversely affect competition in India is void and may result in substantial penalties. Any agreement among competitors which directly or indirectly determines purchase or sale prices, directly or indirectly results in bid rigging or collusive bidding, limits or controls production, supply, markets, technical development, investment or the provision of services, or shares the market or source of production or provision of services in any manner, including by way of allocation of geographical area or types of goods or services or number of clients in the relevant market or any other similar way, is presumed to adversely affect competition in the relevant market in India and shall be void. The Competition Act also prohibits the abuse of dominant position by any enterprise. Further, if it is proved that any contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be guilty of the contravention and may be punished.

Consequently, all agreements entered into by us may fall within the purview of the Competition Act. Further, the CCI has extraterritorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination adversely affects competition in India. The applicability of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, may adversely affect our business, results of operations and prospects.

59. Terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving may adversely affect the financial markets and our business.

Terrorist attacks and other acts of violence or war may negatively affect the markets on which our Equity Shares trade and also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence, and adversely affect our business. Such incidents may also create a greater perception that investment in Indian companies involves a higher degree of risk and may have an adverse impact on our business and the price of our Equity Shares.

Further, we cannot predict the effects on our business of heightened security measures, threatened terrorist attacks, efforts to combat terrorism, military action against a foreign state or other similar events. Any of these events could also negatively affect the economy and consumer confidence, which could cause a downturn in the service industry. In addition, any deterioration in the relations between India and its neighboring countries might result in investor concern about stability in the region, which could materially and adversely affect the price of our Equity Shares.

60. The occurrence of natural or man-made disasters may adversely affect our business, results of operations and financial condition.

The occurrence of natural disasters, including hurricanes, floods, tsunamis, earthquakes, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, may adversely affect our financial condition or results of operations. We are particularly susceptible to accidents, system failures, adverse geological, ecological or weather conditions, natural disasters, demographic and population changes and other unforeseen events and circumstances across India. Any disruptions, damage or destruction of our facilities may temporarily affect our ability to meet our clients' demand and the loss of any one of our key clients or a significant reduction in demand from clients located in these locations may adversely affect our business, results of operations and financial condition.

The potential impact of a natural disaster such as the H5N1 "avian flu" virus, or H1N1, the swine flu virus, MERS (Middle East Respiratory Syndrome), Zika, the mosquito virus, on our results of operations and financial position is speculative, and would depend on numerous factors. Although the long-term effect of such diseases cannot currently be predicted, previous occurrences of avian flu, swine flu, MERS and Zika had an adverse effect on the economies of those countries in which they were most prevalent. In the case of any of such diseases, should the virus mutate and lead to human-to-human transmission of the disease, the consequence for our business could be severe. An outbreak of a communicable disease in the particular region in which we have or may have operations in the future may adversely affect our business and financial condition and the result of operations. We cannot assure you that such events will not occur in the future or that our business, results of operations and financial condition will not be adversely affected.

SECTION III – INTRODUCTION

SUMMARY OF OUR INDUSTRY

Global economic activity continues to firm up. Global output is estimated to have grown by 3.7 percent in 2017, which is 0.1 percentage point faster than projected in the fall and ½ percentage point higher than in 2016. The pickup in growth has been broad based, with notable upside surprises in Europe and Asia. Global growth forecasts for 2018 and 2019 have been revised upward by 0.2 percentage point to 3.9 percent. The revision reflects increased global growth momentum and the expected impact of the recently approved U.S. tax policy changes.

The U.S. tax policy changes are expected to stimulate activity, with the short-term impact in the United States mostly driven by the investment response to the corporate income tax cuts. The effect on U.S. growth is estimated to be positive through 2020, cumulating to 1.2 percent through that year, with a range of uncertainty around this central scenario. Due to the temporary nature of some of its provisions, the tax policy package is projected to lower growth for a few years from 2022 onwards. The effects of the package on output in the United States and its trading partners contribute about half of the cumulative revision to global growth over 2018–19.

Risks to the global growth forecast appear broadly balanced in the near term, but remain skewed to the downside over the medium term. On the upside, the cyclical rebound could prove stronger in the near term as the pickup in activity and easier financial conditions reinforce each other. On the downside, rich asset valuations and very compressed term premiums raise the possibility of a financial market correction, which could dampen growth and confidence. A possible trigger is a faster-than-expected increase in advanced economy core inflation and interest rates as demand accelerates. If global sentiment remains strong and inflation muted, then financial conditions could remain loose into the medium term, leading to a buildup of financial vulnerabilities in advanced and emerging market economies alike. Inward-looking policies, geopolitical tensions, and political uncertainty in some countries also pose downside risks.

The current cyclical upswing provides an ideal opportunity for reforms. Shared priorities across all economies include implementing structural reforms to boost potential output and making growth more inclusive. In an environment of financial market optimism, ensuring financial resilience is imperative. Weak inflation suggests that slack remains in many advanced economies and monetary policy should continue to remain accommodative. However, the improved growth momentum means that fiscal policy should increasingly be designed with an eye on medium-term goals—ensuring fiscal sustainability and bolstering potential output. Multilateral cooperation remains vital for securing the global recovery.

The Indian Feed Industry

Cattle feed industry, a major ingredient of animal feed industry is currently evolving from a fragmented industry into an organized sector. The feed manufactures are increasingly adopting modern and sophisticated methods in an effort to incorporate best global practices. This industry has got high growth potential in India, given India top position among the world nations in respect of livestock population.

The cattle population is expected to grow at compounded annual growth rate of 4 per cent. The way the rural farmers makes their purchases of feed and have their buying priorities is quite different from those of their urban counterparts. Thus, the factors influencing the buying behavior of farmers and their relative significance needs to be ascertained for the meaningful formulation of marketing strategies for cattle feed products. Equally important is the need to consider the feedback from dealers of such products and also industry experts in this field

The concept of branded animal feed as a packaged commodity, though not a very recent concept, is gaining popularity in the rural folks in the recent past. The packaged feed, as a product, possesses special features like hygiene, quality, convenience to handle, etc. to its advantage. The age old feeding pattern practiced in India is a mixed variety consisting of green grass, dry grass, cotton seed cake, coconut cake, rice bran etc. But, as time elapsed, due to changes both environmental and social, there has been gradual shift from the age-old pattern to Compounded Cattle Feed (CCF). The Indian milk scenario witnessed a total metamorphosis by the advent of Operation Flood; thus greatly increasing the per capita consumption of milk and sparking of high demand for cattle feed. On analysing the factors related to the cattle feed demand, it is seen that there can be a positive change in the market demand for feeds. The major factors contributing to this are: (i) Shrinkage of open land for cattle grazing, urbanization and resultant shortage of conventionally used cattle feeds, (ii) Introduction of high yield cattle requires specialized feeds, (iii) urbanization has brought about a marked shift in people's eating habits with an increased intake of milk and other cattle-based products, thus resulting in added demand for livestock products. It is estimated that milk consumption will grow at 2.8 percent per annum.

The Indian food industry is poised for huge growth, increasing its contribution to world food trade every year. In India, the food sector has emerged as a high-growth and high-profit sector due to its immense potential for value addition, particularly within the food processing industry.

Accounting for about 32 per cent of the country's total food market, The Government of India has been instrumental in the growth and development of the food processing industry. The government through the Ministry of Food Processing Industries (MoFPI) is making all efforts to encourage investments in the business. It has approved proposals for joint ventures (JV), foreign collaborations, industrial licenses, and 100 per cent export oriented units.

Our distribution network ensures our product availability to our customers translating into efficient supply chain, focused customer service and short turnaround times for product delivery. Our delivery base is supported by an efficient sub dealer and distribution network and sales team and making our products available on the shelf across most places at all times thereby reducing dealer stock levels and increased annual sales.

Cost Effective sourcing and Strategic Location of Manufacturing Unit

We believe that our cost efficient manufacturing and supply chain management results in a significant reduction in our operational costs. With our experience, we are able to gauge our procurement of raw materials in timely manner. Further, our manufacturing units, situated within the state of Gujarat are ensured with sufficient raw material which is locally procured. The location of our current manufacturing facilities gives us a significant competitive cost advantage in terms of raw material sourcing manufacturing and labour costs and enables us to address the western markets efficiently.

OUR BUSINESS STRATEGY

Leveraging our Market skills and Relationships

This is a continuous process in our organization and the skills that we impart in our people give importance to customers. We are planning to make our products available in more countries by expanding our network and reaching new countries. Newer products in our portfolio are helping us in this regard. In respect of the countries in which we are already present, we are expanding our network by going into more locations. We aim to do this by leveraging our marketing skills and relationships and further enhancing customer satisfaction. We plan to increase our customers by meeting orders in hand on time, maintaining our customer relationship and renewing our relationship with existing buyers.

To build-up a professional organization

As an organization we believe in transparency and commitment in our work among our work force and with our suppliers, customers, government authorities, banks, financial institutions etc. We have employed experienced persons for taking care of our day to day activities. We also consult with outside agencies on a case to case basis on technical and financial aspects of our business. Hence, the philosophy of professionalism is foundation stone of our business strategy and we wish to make it more sound and strong in times to come.

Expansion of Domestic Market

We intend to expand our geographical reach and enter the large domestic market for growth opportunities of our business. We plan to deepen our presence in the existing market and expand our reach and penetrate into the large available market by giving scale down low price solution and grab major market share.

Improving operational efficiencies

Our Company intends to improve efficiencies to achieve cost reductions so that they can be competitive. We believe that this can be done through domestic presence and economies of scale. Increasing our penetration in existing regions with new range of products, will enable us to penetrate into new catchment areas within these regions and optimize our infrastructure. As a result of these measures, our company will be able to increase its market share and profitability.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Lead Manager has entered into Market Making Agreement dated January 30, 2018 with the following Market Maker, to fulfill the obligations of Market Making for this Issue:

Name	BEELINE BROKING LIMITED
Correspondence Address:	B-307, Ganesh Plaza, Near Navrangpura Bus Stop, Navrangpura, Ahmedabad – 380 009, Gujarat, India.
Tel No.:	+91 – 079 – 6666 4011
E-mail:	compliance@beelinebroking.com
Website:	www.beelinebroking.com
Contact Person:	Mr. Vanesh Panchal
SEBI Registration No.:	INZ000000638

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of SME Platform of NSE (NSE EMERGE) and SEBI from time to time
3. The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME Platform (in this case currently the minimum trading lot size is 4000 equity shares; however the same may be changed by the SME Platform of NSE from time to time).
5. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
6. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
7. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
8. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
9. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
10. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
11. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
12. The Market Maker(s) shall have the right to terminate said arrangement by giving a three months' notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106 V of the SEBI (ICDR) Regulations, 2009, as amended. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 11.00 a.m. to 5.00 p.m. on working days.

13. **Risk containment measures and monitoring for Market Makers:** NSE SME Exchange will have all margins, which are applicable on the NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
14. **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and buy Quote) shall be within 10% or as intimated by the exchange from time to time.
15. **Punitive Action in case of default by Market Makers:** NSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

16. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹ 20 to ₹ 50 Crore	20%	19%
₹ 50 to ₹ 80 Crore	15%	14%
Above ₹ 80 Crore	12%	11%

17. All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

SECTION IV – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. None of the Company and any other person connected with the Issue have independently verified this information. Industry sources and publications generally state that the information contained therein has been obtained from believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projection forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on information.

Global economic outlook

Global economic activity continues to firm up. Global output is estimated to have grown by 3.7 percent in 2017, which is 0.1 percentage point faster than projected in the fall and ½ percentage point higher than in 2016. The pickup in growth has been broad based, with notable upside surprises in Europe and Asia. Global growth forecasts for 2018 and 2019 have been revised upward by 0.2 percentage point to 3.9 percent. The revision reflects increased global growth momentum and the expected impact of the recently approved U.S. tax policy changes.

The U.S. tax policy changes are expected to stimulate activity, with the short-term impact in the United States mostly driven by the investment response to the corporate income tax cuts. The effect on U.S. growth is estimated to be positive through 2020, cumulating to 1.2 percent through that year, with a range of uncertainty around this central scenario. Due to the temporary nature of some of its provisions, the tax policy package is projected to lower growth for a few years from 2022 onwards. The effects of the package on output in the United States and its trading partners contribute about half of the cumulative revision to global growth over 2018–19.

Risks to the global growth forecast appear broadly balanced in the near term, but remain skewed to the downside over the medium term. On the upside, the cyclical rebound could prove stronger in the near term as the pickup in activity and easier financial conditions reinforce each other. On the downside, rich asset valuations and very compressed term premiums raise the possibility of a financial market correction, which could dampen growth and confidence. A possible trigger is a faster-than-expected increase in advanced economy core inflation and interest rates as demand accelerates. If global sentiment remains strong and inflation muted, then financial conditions could remain loose into the medium term, leading to a buildup of financial vulnerabilities in advanced and emerging market economies alike. Inward-looking policies, geopolitical tensions, and political uncertainty in some countries also pose downside risks.

The current cyclical upswing provides an ideal opportunity for reforms. Shared priorities across all economies include implementing structural reforms to boost potential output and making growth more inclusive. In an environment of financial market optimism, ensuring financial resilience is imperative. Weak inflation suggests that slack remains in many advanced economies and monetary policy should continue to remain accommodative. However, the improved growth momentum means that fiscal policy should increasingly be designed with an eye on medium-term goals—ensuring fiscal sustainability and bolstering potential output. Multilateral cooperation remains vital for securing the global recovery.

The Global Recovery Has Strengthened

The cyclical upswing underway since mid-2016 has continued to strengthen. Some 120 economies, accounting for three quarters of world GDP, have seen a pickup in growth in year-on-year terms in 2017, the broadest synchronized global growth upsurge since 2010. Among advanced economies, growth in the third quarter of 2017 was higher than projected in the fall, notably in Germany, Japan, Korea, and the United States. Key emerging market and developing economies, including Brazil, China, and South Africa, also posted third-quarter growth stronger than the fall forecasts. High-frequency hard data and sentiment indicators point to a continuation of strong momentum in the fourth quarter. World trade has grown strongly in recent months, supported by a pickup in investment, particularly among advanced economies, and increased manufacturing output in Asia in the run up to the launch of new smartphone models. Purchasing managers' indices indicate firm manufacturing activity ahead, consistent with strong consumer confidence pointing to healthy final demand.

Commodities and inflation. An improving global growth outlook, weather events in the United States, the extension of the OPEC+ agreement to limit oil production, and geopolitical tensions in the Middle East have supported crude oil prices. These have risen by about 20 percent between August 2017 (the reference period for the October 2017 WEO) and mid-December 2017 (the reference period for the January 2018 WEO Update), to over \$60 per barrel, with some further increase as of early January 2018. Markets expect prices to gradually decline over the next 4–5 years—as of mid-December, medium-term price futures stood at about \$54 per barrel, modestly higher than in August. The increase in fuel prices raised headline inflation in advanced economies, but wage and core-price inflation remain weak. Among emerging market economies, headline and core inflation have ticked up slightly in recent months after declining earlier in 2017.

Bond and equity markets. Market expectations of the path of U.S. Federal Reserve policy rates have shifted up since August, reflecting the well-anticipated December rate hike, but they continue to price in a gradual increase over 2018 and 2019. The Bank of England raised its policy rate for the first time since 2008 in view of diminishing slack in the economy and above-target inflation driven by the past sterling depreciation; the European Central Bank announced that it will taper its net asset purchases starting in January. The ECB intends, however, to maintain policy rates at current historically low levels until after quantitative easing ends and, should inflation underperform, extend the asset purchase program in amount and duration. Bond market reaction to these shifts has been muted, with yield curves tending to flatten as short-term rates have risen more than longer-term rates (e.g., in the United States, United Kingdom, and Canada), consistent with still-subdued market expectations of sustained upside surprises on inflation. Equity prices in advanced economies continued to rally, buoyed by generally favorable sentiment regarding earnings prospects, expectations of a very gradual normalization path for monetary policy in a weak inflation environment, and low expected volatility in underlying fundamentals. Emerging market equity indices have risen further since August, lifted by the improved near-term outlook for commodity exporters. In some cases, long-term yields have inched up in recent months, but they generally remain low, and interest rate spreads remain compressed.

Exchange rates and capital flows. As of early January 2018, the U.S. dollar and the euro remain close to their August 2017 level in real effective terms. The Japanese yen has depreciated by 5 percent on widening interest differentials, while the sterling has appreciated by close to 4 percent as the Bank of England raised interest rates in November and as expectations of a Brexit deal rose. Across emerging market currencies, the renminbi has appreciated by around 2 percent, the Malaysian ringgit has rebounded by about 7 percent on an improved growth outlook and stronger commodity prices, and the South African rand by close to 6 percent on perceptions of reduced political uncertainty. In contrast, the Mexican peso has depreciated by 7 percent owing to renewed uncertainty associated with the ongoing NAFTA negotiations and the Turkish lira by 4.5 percent on higher inflation readings. Capital flows to emerging economies have remained resilient through the third quarter of 2017, with continued strength in non-resident portfolio inflows.

Global Growth Forecast to Rise Further in 2018 and 2019

Global growth for 2017 is now estimated at 3.7 percent, 0.1 percentage point higher than projected in the fall. Upside growth surprises were particularly pronounced in Europe and Asia but broad based, with outturns for both the advanced and the emerging market and developing economy groups exceeding the fall forecasts by 0.1 percentage point.

The stronger momentum experienced in 2017 is expected to carry into 2018 and 2019, with global growth revised up to 3.9 percent for both years (0.2 percentage point higher relative to the fall forecasts).

For the two-year forecast horizon, the upward revisions to the global outlook result mainly from advanced economies, where growth is now expected to exceed 2 percent in 2018 and 2019. This forecast reflects the expectation that favorable global financial conditions and strong sentiment will help maintain the recent acceleration in demand, especially in investment, with a noticeable impact on growth in economies with large exports. In addition, the U.S. tax reform and associated fiscal stimulus are expected to temporarily raise U.S. growth, with favorable demand spillovers for U.S. trading partners—especially Canada and Mexico—during this period. The expected global macroeconomic effects account for around one-half of the cumulative upward revision to the global growth forecast for 2018 and 2019, with a range of uncertainty around this baseline projection.

- The growth forecast for the United States has been revised up given stronger than expected activity in 2017, higher projected external demand, and the expected macroeconomic impact of the tax reform, in particular the reduction in corporate tax rates and the temporary allowance for full expensing of investment. The forecast assumes that the decline in tax revenues will not be offset by spending cuts in the near term. The tax reform is therefore anticipated to stimulate near-term activity in the United States. As a by-product, stronger domestic demand is projected to increase imports and widen the current account deficit. Overall, the policy

changes are projected to add to growth through 2020, so that U.S. real GDP is 1.2 percent higher by 2020 than in a projection without the tax policy changes. The U.S. growth forecast has been raised from 2.3 percent to 2.7 percent in 2018, and from 1.9 percent to 2.5 percent in 2019. In light of the increased fiscal deficit, which will require fiscal adjustment down the road, and the temporary nature of some provisions, growth is expected to be lower than in previous forecasts for a few years from 2022 onward, offsetting some of the earlier growth gains. The inflation response to higher domestic demand is expected to be muted given the low sensitivity of core price pressures to changes in slack in recent years and a somewhat faster projected pace of U.S. Federal Reserve policy rate hikes than in the fall, with a modest decompression of term premiums and no sizable U.S. dollar appreciation. According to the U.S. Congressional Joint Committee on Taxation, the tax code overhaul is projected to reduce the average tax rate on upper income U.S. households relative to those in the middle and lower segments, especially over the medium term (when some provisions benefiting lower- and middle-income taxpayers expire).

- Growth rates for many of the euro area economies have been marked up, especially for Germany, Italy, and the Netherlands, reflecting the stronger momentum in domestic demand and higher external demand. Growth in Spain, which has been well above potential, has been marked down slightly for 2018, reflecting the effects of increased political uncertainty on confidence and demand.
- The growth forecast for 2018 and 2019 has also been revised up for other advanced economies, reflecting in particular stronger growth in advanced Asian economies, which are especially sensitive to the outlook for global trade and investment. The growth forecast for Japan has been revised up for 2018 and 2019, reflecting upward revisions to external demand, the supplementary budget for 2018, and carryover from stronger-than-expected recent activity.

The aggregate growth forecast for the emerging markets and developing economies for 2018 and 2019 is unchanged, with marked differences in the outlook across regions.

- Emerging and developing Asia will grow at around 6.5 percent over 2018–19, broadly the same pace as in 2017. The region continues to account for over half of world growth. Growth is expected to moderate gradually in China (though with a slight upward revision to the forecast for 2018 and 2019 relative to the fall forecasts, reflecting stronger external demand), pick up in India, and remain broadly stable in the ASEAN-5 region.
- In emerging and developing Europe, where growth in 2017 is now estimated to have exceeded 5 percent, activity in 2018 and 2019 is projected to remain stronger than previously anticipated, lifted by a higher growth forecast for Poland and especially Turkey. These revisions reflect a favorable external environment, with easy financial conditions and stronger export demand from the euro area, and, for Turkey, an accommodative policy stance.
- In Latin America, the recovery is expected to strengthen, with growth of 1.9 percent in 2018 (as projected in the fall) and 2.6 percent in 2019 (a 0.2 percentage point upward revision). This change primarily reflects an improved outlook for Mexico, benefiting from stronger U.S. demand, a firmer recovery in Brazil, and favorable effects of stronger commodity prices and easier financing conditions on some commodity-exporting countries. These upward revisions more than offset further downward revisions for Venezuela.
- Growth in the Middle East, North Africa, Afghanistan, and Pakistan region is also expected to pick up in 2018 and 2019, but remains subdued at around 3½ percent. While stronger oil prices are helping a recovery in domestic demand in oil exporters, including Saudi Arabia, the fiscal adjustment that is still needed is projected to weigh on growth prospects.
- The growth pickup in Sub-Saharan Africa (from 2.7 percent in 2017 to 3.3 percent in 2018 and 3.5 percent in 2019) is broadly as anticipated in the fall, with a modest upgrade to the growth forecast for Nigeria but more subdued growth prospects in South Africa, where growth is now expected to remain below 1 percent in 2018–19, as increased political uncertainty weighs on confidence and investment.
- Growth this year and next is projected to remain above 2 percent in the Commonwealth of Independent States, supported by a slight upward revision to growth prospects for Russia in 2018.

Indian Economy Overview

Introduction

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP increased 7.1 per cent in 2016-17 and is expected to reach a growth rate of 7 per cent by September 2018

Market size

India's gross domestic product (GDP) grew by 6.3 per cent in July-September 2017 quarter as per the Central Statistics Organisation (CSO). Corporate earnings in India are expected to grow by over 20 per cent in FY 2017-18 supported by normalisation of profits, especially in sectors like automobiles and banks, according to Bloomberg consensus.

The tax collection figures between April-June 2017 Quarter show an increase in Net Indirect taxes by 30.8 per cent and an increase in Net Direct Taxes by 24.79 per cent year-on-year, indicating a steady trend of healthy growth. The total number of e-filed Income Tax Returns rose 21 per cent year-on-year to 42.1 million in 2016-17 (till 28.02.17), whereas the number of e-returns processed during the same period stood at 43 million.

India has retained its position as the third largest startup base in the world with over 4,750 technology startups, with about 1,400 new start-ups being founded in 2016, according to a report by NASSCOM.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 404.92 billion in the week up to December 22, 2017, according to data from the RBI.

Recent Developments

With the improvement in the economic scenario, there have been various investments in various sectors of the economy. The M&A activity in India increased 53.3 per cent to US\$ 77.6 billion in 2017 while private equity (PE) deals reached US\$ 24.4 billion. Some of the important recent developments in Indian economy are as follows:

- Indian companies raised Rs 1.6 trillion (US\$ 24.96 billion) through primary market in 2017.
- Moody's upgraded India's sovereign rating after 14 years to Baa2 with a stable economic outlook.
- India received net investments of US\$ 17.412 billion from FIIs between April-October 2017.
- The top 100 companies in India are leading in the world in terms of disclosing their spending on corporate social responsibility (CSR), according to a 49-country study by global consultancy giant, KPMG.
- The bank recapitalisation plan by Government of India is expected to push credit growth in the country to 15 per cent, according to a report by Ambit Capital.
- India has improved its ranking in the World Bank's Doing Business Report by 30 spots over its 2017 ranking and is ranked 100 among 190 countries in 2018 edition of the report.
- India's ranking in the world has improved to 126 in terms of its per capita GDP, based on purchasing power parity (PPP) as it increased to US\$ 7,170 in 2017, as per data from the International Monetary Fund (IMF).
- The Government of India has saved US\$ 10 billion in subsidies through direct benefit transfers with the use of technology, Aadhaar and bank accounts, as per a statement by Mr Narendra Modi, Prime Minister of India.
- India is expected to have 100,000 startups by 2025, which will create employment for 3.25 million people and US\$ 500 billion in value, as per Mr T V Mohan Das Pai, Chairman, Manipal Global Education.
- The total projected expenditure of Union Budget 2018-19 is Rs 23.4 lakh crore (US\$ 371.81 billion), 9 per cent higher than previous year's budget, as laid out in the Medium Term Expenditure Framework (MTEF).
- India received the highest ever inflow of equity in the form of foreign direct investments (FDI) worth US\$ 43.4 billion in 2016-17 and has become one of the most open global economies by ushering in liberalisation measures, as per the mid-year economic survey of India.

- The World Bank has stated that private investments in India is expected to grow by 8.8 per cent in FY 2018-19 to overtake private consumption growth of 7.4 per cent, and thereby drive the growth in India's gross domestic product (GDP) in FY 2018-19.
- The Niti Aayog has predicted that rapid adoption of green mobility solutions like public transport, electric vehicles and car-pooling could likely help India save around Rs 3.9 trillion (US\$ 60 billion) in 2030.
- Indian impact investments may grow 25 per cent annually to US\$ 40 billion from US\$ 4 billion by 2025, as per Mr Anil Sinha, Global Impact Investing Network's (GIIN's) advisor for South Asia.
- The Union Cabinet, Government of India, has approved the Central Goods and Services Tax (CGST), Integrated GST (IGST), Union Territory GST (UTGST), and Compensation Bill.
- Indian merchandise exports in dollar terms registered a growth of 30.55 per cent year-on-year in November 2017 at US\$ 26.19 billion, according to the data from Ministry of Commerce & Industry
- The Nikkei India manufacturing Purchasing Managers' Index increased at the fastest pace in December 2017 to reach 54.7, signaling a recovery in the economy.

Government Initiatives

In the Union Budget 2017-18, the Finance Minister, Mr Arun Jaitley, verified that the major push of the budget proposals is on growth stimulation, providing relief to the middle class, providing affordable housing, curbing black money, digitalisation of the economy, enhancing transparency in political funding and simplifying the tax administration in the country.

India's unemployment rate has declined to 4.8 per cent in February 2017 compared to 9.5 per cent in August 2016, as a result of the Government's increased focus towards rural jobs and the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) scheme.

The Government of Maharashtra has set a target to double farm income by 2022 through measures like large scale micro irrigation, water conservation, expansion of formal cash credit coverage, crop insurance and agriculture diversification, as per Mr Vidyasagar Rao, Governor of Maharashtra.

Numerous foreign companies are setting up their facilities in India on account of various government initiatives like Make in India and Digital India. Mr. Narendra Modi, Prime Minister of India, has launched the Make in India initiative with an aim to boost the manufacturing sector of Indian economy, to increase the purchasing power of an average Indian consumer, which would further boost demand, and hence spur development, in addition to benefiting investors. The Government of India, under the Make in India initiative, is trying to give boost to the contribution made by the manufacturing sector and aims to take it up to 25 per cent of the GDP from the current 17 per cent. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

Some of the recent initiatives and developments undertaken by the government are listed below:

- The Government of India has succeeded in providing road connectivity to 85 per cent of the 178,184 eligible rural habitations in the country under its Pradhan Mantri Gram Sadak Yojana (PMGSY) since its launch in 2014.
- A total of 15,183 villages have been electrified in India between April 2015-November 2017 and complete electrification of all villages is expected by May 2018, according to Mr Raj Kumar Singh, Minister of State (IC) for Power and New & Renewable Energy, Government of India.
- The Government of India has decided to invest Rs 2.11 trillion (US\$ 32.9 billion) to recapitalise public sector banks over the next two years and Rs 7 trillion (US\$ 109.31 billion) for construction of new roads and highways over the next five years.
- The mid-term review of India's Foreign Trade Policy (FTP) 2015-20 has been released by Ministry of Commerce & Industry, Government of India, under which annual incentives for labour intensive MSME sectors have been increased by 2 per cent.
- The India-Japan Act East Forum, under which India and Japan will work on development projects in the North-East Region of India will be a milestone for bilateral relations between the two countries, according to Mr Kenji Hiramatsu, Ambassador of Japan to India.
- The Government of India will spend around Rs 1 lakh crore (US\$ 15.62 billion) during FY 18-20 to build roads in the country under Pradhan Mantri Gram Sadak Yojana (PMGSY).

- The Government of India plans to facilitate partnerships between gram panchayats, private companies and other social organisations, to push for rural development under its 'Mission Antyodaya' and has already selected 50,000 panchayats across the country for the same.
- The fiscal deficit of the Government of India, which was 4.5 per cent of the gross domestic product (GDP) in 2013-14, has steadily reduced to 3.5 per cent in 2016-17 and is expected to further decrease to 3.2 per cent of the GDP in 2017-18, according to the Reserve Bank of India (RBI).
- The Government of India plans to implement a new scheme, named 'Sasti Bijli Har Ghar Yojana' with an outlay of Rs 17,000 crore (US\$ 2.64 billion), to provide electricity to around 40 million un-electrified households in the country.
- The Government of India and the Government of Portugal have signed 11 bilateral agreements in areas of outer space, double taxation, and nano technology, among others, which will help in strengthening the economic ties between the two countries.
- India's revenue receipts are estimated to touch Rs 28-30 trillion (US\$ 436- 467 billion) by 2019, owing to Government of India's measures to strengthen infrastructure and reforms like demonetisation and Goods and Services Tax (GST).

The Indian Feed Industry

Cattle feed industry, a major ingredient of animal feed industry is currently evolving from a fragmented industry into an organized sector. The feed manufactures are increasingly adopting modern and sophisticated methods in an effort to incorporate best global practices. This industry has got high growth potential in India, given India top position among the world nations in respect of livestock population.

The cattle population is expected to grow at compounded annual growth rate of 4 per cent. The way the rural farmers makes their purchases of feed and have their buying priorities is quite different from those of their urban counterparts. Thus, the factors influencing the buying behavior of farmers and their relative significance needs to be ascertained for the meaningful formulation of marketing strategies for cattle feed products. Equally important is the need to consider the feedback from dealers of such products and also industry experts in this field

The concept of branded animal feed as a packaged commodity, though not a very recent concept, is gaining popularity in the rural folks in the recent past. The packaged feed, as a product, possesses special features like hygiene, quality, convenience to handle, etc. to its advantage. The age old feeding pattern practiced in India is a mixed variety consisting of

green grass, dry grass, cotton seed cake, coconut cake, rice bran etc. But, as time elapsed, due to changes both environmental and social, there has been gradual shift from the age-old pattern to Compounded Cattle Feed (CCF). The Indian milk scenario witnessed a total metamorphosis by the advent of Operation Flood; thus greatly increasing the per capita consumption of milk and sparking of high demand for cattle feed. On analyzing the factors related to the cattle feed demand, it is seen that there can be a positive change in the market demand for feeds. The major factors contributing to this are: (i) Shrinkage of open land for cattle grazing, urbanization and resultant shortage of conventionally used cattle feeds, (ii) Introduction of high yield cattle requires specialized feeds, (iii) urbanization has brought about a marked shift in people's eating habits with an increased intake of milk and other cattle-based products, thus resulting in added demand for livestock products. It is estimated that milk consumption will grow at 2.8 percent per annum.

The Indian food industry is poised for huge growth, increasing its contribution to world food trade every year. In India, the food sector has emerged as a high-growth and high-profit sector due to its immense potential for value addition, particularly within the food processing industry.

Accounting for about 32 per cent of the country's total food market, The Government of India has been instrumental in the growth and development of the food processing industry. The government through the Ministry of Food Processing Industries (MoFPI) is making all efforts to encourage investments in the business. It has approved proposals for joint ventures (JV), foreign collaborations, industrial licenses, and 100 per cent export oriented units.

Market size

The Indian food and grocery market is the world's sixth largest, with retail contributing 70 per cent of the sales. The Indian food processing industry accounts for 32 per cent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth. It contributes around 8.80 and 8.39 per cent of Gross Value Added (GVA) in Manufacturing and Agriculture respectively, 13 per cent of India's exports and six per cent of total industrial investment. The Indian gourmet food market is currently valued at US\$ 1.3 billion and is growing at a Compound Annual Growth Rate (CAGR) of 20 per cent. India's organic food market is expected to increase by three times by 2020.

The online food ordering business in India is in its nascent stage, but witnessing exponential growth. With online food delivery players like Food Panda, Zomato, Tiny Owl and Swiggy building scale through partnerships, the organised food business has a huge potential and a promising future. The online food delivery industry grew at 150 per cent year-on-year with an estimated Gross Merchandise Value (GMV) of US\$ 300 million in 2016.

Investments

According to the data provided by the Department of Industrial Policies and Promotion (DIPP), the food processing sector in India has received around US\$ 7.54 billion worth of Foreign Direct Investment (FDI) during the period April 2000-March 2017. The Confederation of Indian Industry (CII) estimates that the food processing sectors have the potential to attract as much as US\$ 33 billion of investment over the next 10 years and also to generate employment of nine million person-days.

Some of the major investments in this sector in the recent past are:

- Global e-commerce giant, Amazon is planning to enter the Indian food retailing sector by investing US\$ 515 million in the next five years, as per Mr Harsimrat Kaur Badal, Minister of Food Processing Industries, Government of India.
- Parle Agro Pvt Ltd is launching Frooti Fizz, a succession of the original Mango Frooti, which will be retailed across 1.2 million outlets in the country as it targets increasing its annual revenue from Rs 2800 crore (US\$ 0.42 billion) to Rs 5000 crore (US\$ 0.75 billion) by 2018.
- US-based food company Cargill Inc, aims to double its branded consumer business in India by 2020, by doubling its retail reach to about 800,000 outlets and increase market share to become national leader in the sunflower oil category which will help the company be among the top three leading brands in India.
- Mad Over Donuts (MoD), outlined plans of expanding its operations in India by opening nine new MOD stores by March 2017.

- Danone SA plans to focus on nutrition business in India, its fastest growing market in South Asia, by launching 10 new products in 2017, and aiming to double its revenue in India by 2020.
- Uber Technologies Inc plans to launch Uber EATS, its food delivery service to India, with investments made across multiple cities and regions.

Government Initiatives

Some of the major initiatives taken by the Government of India to improve the food processing sector in India are as follows:

- The Government of India aims to boost growth in the food processing sector by leveraging reforms such as 100 per cent Foreign direct investment (FDI) in marketing of food products and various incentives at central and state government level along with a strong focus on supply chain infrastructure.
- In Union Budget 2017-18, the Government of India has set up a dairy processing infra fund worth Rs 8,000 crore (US\$ 1.2 billion).
- The Government of India has relaxed foreign direct investment (FDI) norms for the sector, allowing up to 100 per cent FDI in food product e-commerce through automatic route.
- The Food Safety and Standards Authority of India (FSSAI) plans to invest around Rs 482 crore (US\$ 72.3 million) to strengthen the food testing infrastructure in India, by upgrading 59 existing food testing laboratories and setting up 62 new mobile testing labs across the country.
- The Indian Council for Fertilizer and Nutrient Research (ICFNR) will adopt international best practices for research in fertiliser sector, which will enable farmers to get good quality fertilisers at affordable rates and thereby achieve food security for the common man.
- The Ministry of Food Processing Industries announced a scheme for Human Resource Development (HRD) in the food processing sector. The HRD scheme is being implemented through State Governments under the National Mission on Food Processing. The scheme has the following four components:
 - Creation of infrastructure facilities for degree/diploma courses in food processing sector
 - Entrepreneurship Development Programme (EDP)
 - Food Processing Training Centres (FPTC)
 - Training at recognised institutions at State/National level

Road Ahead

Going forward, the adoption of food safety and quality assurance mechanisms such as Total Quality Management (TQM) including ISO 9000, ISO 22000, Hazard Analysis and Critical Control Points (HACCP), Good Manufacturing Practices (GMP) and Good Hygienic Practices (GHP) by the food processing industry offers several benefits. It would enable adherence to stringent quality and hygiene norms and thereby protect consumer health, prepare the industry to face global competition, enhance product acceptance by overseas buyers and keep the industry technologically abreast of international best practices.

Our Company has a flagship brand which commands a high reputation worldwide for quality products, efficient services and level of reliability as a stable supplier of quality products in cattle feed Industries. The products offered by us are processed using quality ingredients sourced from the selected vendors of the market. Before packaging and distributing, the raw material is inspected by Quality Assurance team after properly graded and processed. Our range is appreciated for their features such as hygiene, accurate composition and easy to use. The Products are processed under Quality certified manufacturing unit and supplied in air tight & hygienic packs which makes our Products in accurate composition, precise pH value, effectiveness and longer shelf life.

Our Plant is highly sophisticated with modern pulverisation and Pneumatic system with additional essential equipments having blenders directly communicated with plant of capacity 125 Metric Tons in a day to provide homogeneous qualities. The manufacturing process is totally automatic, continuous without manual touch and finished goods directly go into the bags. Our quality products has several uses like meal can be used for fertilizers and animal feed, Cotton linters which is by product cotton seed which can be used in various industries like furniture, paper, yarns, absorbent cotton etc. Our progressive management and cutting edge production technology contribute to our ability to provide our customers with exceptional value in a highly competitive industry. Also our manufacturing facilities are equipped with modern infrastructure and sophisticated machines backed by untiring efforts in the field of research & development and high quality consciousness

Our Company is maintaining Quality Assurance Department to ensure that the product is in conformity with Current good manufacturing procedures (CGMP), Sanitary Standard Operation Procedures (SSOP) and ISO Standards. The scientific testing of

random samples is being carried out at every intermediate stage of processing. After getting approval from Quality Assurance department the intermediate products are used for further processing and final packaging. For processing, the material is selected on the principle of first in, first out basis. The stringent care and hygienic conditions that are maintained throughout the processing period, and the fumigation conducted before packing the material cannot be contaminated.

For the year ended September 30, 2017, our Company's Total Revenue and Restated Profit after Tax were Rs. 1740.33 Lakhs and Rs. 21.35 Lakhs respectively. COMPETITIVE STRENGTHS

Quality Assurance and Standards

We believe in providing our customers the best possible quality by products and our Company is ISO 9001:2015 certified. Quality standards followed right from the beginning are very stringent, and adhere during the manufacturing and processing process. We are very particular and stringent about hygiene and fumigation throughout the processing process. Our dedicated efforts towards the quality of products, processes and inputs have helped us gain a competitive advantage over others. We believe that our quality products have earned us a goodwill from our customers, which has resulted in repeat services orders from many of them.

Experienced Promoters and a well-trained employee base

Our promoters are experienced in our line of business. Our management and employee team combines expertise and experience to outline plans for the future development of the company. Our Company started its operations in the year 2012-13 and since then we have witnessed consistent and stable growth. Our Promoters have significant industry experience and has been instrumental in the consistent growth of our company. We believe that the knowledge and experience of our promoter and management will enables us to identify new opportunities, rapidly respond to market conditions, adapt to changes in the business landscape and competitive environment and enhances the growth in the business.

Extensive distribution network

Our distribution network ensures our product availability to our customers translating into efficient supply chain, focused customer service and short turnaround times for product delivery. Our delivery base is supported by an efficient sub dealer and distribution network and sales team and making our products available on the shelf across most places at all times thereby reducing dealer stock levels and increased annual sales.

Cost Effective sourcing and Strategic Location of Manufacturing Unit

We believe that our cost efficient manufacturing and supply chain management results in a significant reduction in our operational costs. With our experience, we are able to gauge our procurement of raw materials in timely manner. Further, our manufacturing units, situated within the state of Gujarat are ensured with sufficient raw material which is locally procured. The location of our current manufacturing facilities gives us a significant competitive cost advantage in terms of raw material sourcing manufacturing and labour costs and enables us to address the western markets efficiently.

OUR BUSINESS STRATEGY

Leveraging our Market skills and Relationships

This is a continuous process in our organization and the skills that we impart in our people give importance to customers. We are planning to make our products available in more countries by expanding our network and reaching new countries. Newer products in our portfolio are helping us in this regard. In respect of the countries in which we are already present, we are expanding our network by going into more locations. We aim to do this by leveraging our marketing skills and relationships and further enhancing customer

satisfaction. We plan to increase our customers by meeting orders in hand on time, maintaining our customer relationship and renewing our relationship with existing buyers.

To build-up a professional organization

As an organization we believe in transparency and commitment in our work among our work force and with our suppliers, customers, government authorities, banks, financial institutions etc. We have employed experienced persons for taking care of our day to day activities. We also consult with outside agencies on a case to case basis on technical and financial aspects of our business. Hence, the philosophy of professionalism is foundation stone of our business strategy and we wish to make it more sound and strong in times to come.

Expansion of Domestic Market

We intend to expand our geographical reach and enter the large domestic market for growth opportunities of our business. We plan to deepen our presence in the existing market and expand our reach and penetrate into the large available market by giving scale down low price solution and grab major market share.

Improving operational efficiencies

Our Company intends to improve efficiencies to achieve cost reductions so that they can be competitive. We believe that this can be done through domestic presence and economies of scale. Increasing our penetration in existing regions with new range of products, will enable us to penetrate into new catchment areas within these regions and optimize our infrastructure. As a result of these measures, our company will be able to increase its market share and profitability.

OUR PRODUCTS:-

Our Products are categories into Cattle feeds, Cotton Seeds and Pallet which is shown as below:-

S. No.	Category - Name of Product	Description
1.	Cattle Feeds - Cattle Feeds	 <p>Rice bran is a by-product of the rice milling process in which brown rice is converted to white rice. The rice bran is generally processed to extract the oil present in it that is mainly used for cooking purposes because of its low fat content. Once the oil is extracted the left product is de oiled rice bran which has very less fat, low fiber content. The de oil rice bran pallets are rich sources of valuable amino acids like methionine, cysteine & lysine and phosphorus and are the prime sources of food for fish, poultry and cattle.</p>
2.	Cattle Feed - Cotton Seeds Meal Cake	 <p>Cottonseed meal is a high protein by-product from the extraction of oil from whole cottonseed. There are two different processing methods used to extract the oil from the cottonseed, and they differ in the amount of oil (fat) they leave in the meal. The amount of oil left in the meal affects its energy value. These products can be manufactured by using solvent extractions OR oil extractions plant technology using Hexane Solvents etc. "Cotton Seeds Meals Cakes" are residual product after oil extracted from cotton seeds OR cotton seeds cakes. There are only 0.5 to 1.5 % oils remains in these products, Cotton Seeds Meals Cakes.</p>

3.	Cattle Feed - Cotton Seeds Meal Grinder		Cottonseed meal is a good source of protein. Basically Cotton Seed Meal Grinder is produce from Cotton Seed Meal kernels. Most of the meal is extracted mechanically through cotton seed kernels. The flaked cottonseed kernels are put into high pressure through a screw inside a barrel which is constantly revolving. The screw pushes out the oil through the openings made in the barrel. The dry pieces left in the barrel are preserved and ground into meal. On the other hand, during the solvent extraction process, the cotton seed kernels are subjected to fine grinding by pushing them through an expander and then the solvent is used to extract most of the oil. The solvent extracted meals have a lower fat content of 0.5% than the mechanically extracted meals with a fat content of 2.0%. Cottonseed meal is considered to have more arginine than soybean meal. Cottonseed meal can be used in multiple ways: either alone or by mixing it with other plant and animal protein sources. Cottonseed meal is palatable and commonly is used in cattle rations. In the southern and western U.S. Solvent extracted cottonseed meal is the more common of the two types and has about 89 percent of the energy value of 44 percent protein soybean meal.
4.	Cotton Seed - Delinted Cotton Seeds		Delinted Cottonseed is seed which has been processed to remove the linters. Most delinted seed uses a mechanical method for removing linters which usually leaves about 1-2% residual linters on the seeds. Caution should be exercised when accepting cull planting seed for feeding. Verification that no seed treatment chemicals are present should be obtained before using cull planting seed for feed. Utilization of both pima and acid-delinted seed can be improved by rolling or cracking before feeding. Delinting increases nutrient density and flow ability of the product.
5.	Cattle Feed - Guar Meal		Guar Meal is a by-product after processing the Guar Seed. That is, Guar gum is extracted from the guar seed Cyanosis Tetra gonoloba of leguminous plant. The extracted guar meal is further processed by toasting at a high temperature to remove Trypsin Inhibitor, thus improving its nutritive value. We are the leading manufacturer & exporter of Guar Meal Korma. These are used as a valuable cattle feed as they are rich in protein. In international market these are popularly known as guar meal and are sold worldwide. It is processed by toasting at high temperature to remove natural trypsin inhibitor.

6.	Cotton Seed - Cotton Linter		Linted Cottonseed, often referred to as "fuzzy seed" or "whole cottonseed" is the seed left after ginning the long fibers from upland varieties of cotton. The short fibers remaining on the seed are called linters and are a source of readily digestible cellulose for ruminants. The amount of linters left on the seed varies from 4-8%. We produce cotton linter having cellulose yield more than 80% mostly mill run cut cotton linter is available. Whole cottonseed is a source of protein, energy and fiber for ruminant animals.
7.	Cattle Feed - Neem Cake Fertilizers		Our organization is offering Neem Cake Fertilizer to our clients. Neem Cake as a fertilizer in their fields, the dual activity of Neem cake as fertilizer and pest repellent has made it a favored input. Neem cake Fertilizer are widely used in India to fertilize cash crops. Then Neem Cake is ploughed in to the soil, it also protects plant roots from Nematodes and white ants, Farmers in southern parts of India puddle neem leaves into flooded rice fields before the rice seedling are transplanted. Application to the neem cake to crops provides them with various nutrients, besides the Neem Cake Fertilizer can also reduce the number of soil insect pests, fungi, bacteria and nematodes and protects the crop from damage caused by these organisms.
8.	Cattle Feed - Soyabean Meal		Soyabean Meal manufactured by Narmada Agrobase is free flowing, coarse and granular. It is produced from cleaned, Non GMO Soya beans, after a series of preparatory physical processes, followed by a multi stage extraction of Oil. All of this is, in a highly sophisticated, hygienically controlled plant. The processing of Soyabean Meal involves a series of heat treatments thereby destroying all its anti nutritional factors. Soybean meal is used by Broilers, Layers and Turkeys; Swine, Ruminants, Beef Cattle, Dairy and Sheep and also finds its way into a large variety of uses (Pet Foods, Aquaculture, Minor Feed Uses, Food and Industrial uses).
9.	Pallet - Cotton Seeds Hulls		Cottonseed hulls are used mostly in the southern area of the U.S. They are low in protein, calcium, phosphorus and energy and high in fiber. Cottonseed hulls are palatable and are used as a roughage for cattle, especially in areas where good quality forages are scarce. They occasionally are included in grain mixes to increase the bulk density and crude fiber content. They can be helpful in supporting fat test in low fiber or low roughage rations.

OUR MANUFACTURING PROCESS:-

Our Business Process can be Summarized as under:-

STEPS INVOLVED IN OUR MANUFACTURING PROCESS:-

- 1. Raw Material Procurement** - The principal raw material used in the manufacture of Products comprises of cotton seed, rice brand-oil cake, cotton seed cake, mollasses, guwar churi and oil seed cake. We procure all of our raw materials from local available sources and store in our factory.

2. **Manufacturing at factory** -. Mechanical delinting requires more energy than acid delinting, but it does not use any chemicals and can produce a small quantity of usable low grade lint as a by-product. Mechanical delinting is usually accomplished by high speed rotating sharp saws or abrasive surfaces to cut or rub the fibers off from the hull. The advantage of this type operation is that the fibers are not degraded during the operation and can be sold for various purposes. Also, since the seeds are to be subsequently crushed for oil or meal, the damage sustained by the seeds is not detrimental to their further use. The delinter machine also provides for the recovery of the lint after separation from the cottonseed. The movement and travel path of the cottonseeds during delinting process is controlled to ensure a high degree of efficiency in the removal of the lint.
3. **Quality Testing**– We have a dedicated in-house Testing and Quality Control Team which undertakes rigorous testing and quality management. We have dedicated semi-automatic and manual testing machines. Our Testing and QC team coupled with our testing equipment's ensure the quality of raw material dispensed in the production process.
4. **Packaging and Storing**–All goods are packed in Jut Bag / Plastic bags in fixed weight as per demand of customer. Mostly all goods are stored in the premises in quality wise stack.
5. **Distribution of Products** – The Products are distributed in fully loaded trucks on the instruction of Customer and we also arrange to provide transportation facility to customers for smooth functioning of business.

SALES AND MARKETING:-

Our success lies in the strength of our relationship with our customers. Our Chairman & Managing Director and whole-time Directors, through their vast experience and good rapport with customers owing to timely and quality delivery of products plays an instrumental role in creating and expanding a work platform for our Company. To retain our customers, we regularly interact with them and focus on gaining an insight into their other additional needs and requirements. Our Company has good marketing network and good Customer base for cattle feed. We have already well established market and the company has very good reputation among its customers and suppliers.

MARKETING STRATEGY:-

In future we intend to focus on following marketing strategies:

- Focus on existing markets and increasing our customer base.
- Continuously holding markets Trends.
- Supply of Quality Products.
- Fulfillment of Order Quantity.

COMPETITION:-

We face the competition in our business from other existing traders and manufacturers of same products. We compete with our competitors on a regional or product line basis. Many of our competitors have substantially large capital base and resources than we do and offer broader range products. We believe that the principal factors affecting competition in our business include client relationships, reputation, the abilities of employees, market focus and the relative quality and price of the services and products.

Our industry is highly competitive while being unorganized and fragmented. This market is not governed directly by any regulations or any governmental authority. The players in the informal education market are mostly small and unrecognized. We face competition from both organized and unorganized players in the market and more specifically from different players for different sections to which we offer our Products.

INSURANCE:-

We maintain a range of insurance policies to cover our assets, risks and liabilities. Substantially all of our insurance policies related to our factory and our movable property provide appropriate coverage in relation to fire, explosions, floods, inundations, earthquakes, landslides. We constantly evaluate the risks in an effort to be sufficiently covered for all known risks. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with the industry standard in India.

REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For details of such approvals, please see the section titled “Government and other Approvals” on page 171 of this Draft Prospectus.

We are subject to a number of Central and State legislations which regulate substantive and procedural aspects of the business. Additionally, the business activities of our Company require sanctions, approval, license, registration etc. from the concerned authorities, under the relevant Central and State legislations and local bye-laws. For details of Government and Other Approvals obtained by the Company in compliance with these regulations, see section titled “Government and Other Approvals” beginning on page 171 of this Draft Prospectus. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business as a player in the field of our Industry.

A. STATUTORY AND COMMERCIAL LAWS

The Companies Act, 1956

The Act deals with laws relating to companies and certain other associations. It was enacted by the parliament in 1956. The Companies Act primarily regulates the formation, financing, functioning and winding up of companies. The Act prescribes regulatory mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. Regulation of the financial and management aspects constitutes the main focus of the Act. In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

The Companies Act, 2013

The Companies Act, 2013, has been introduced to replace the existing Companies Act, 1956 in a phased manner. The Ministry of Corporate Affairs has vide its notification dated September 12, 2013 has notified 98 Sections of the Companies Act, 2013 and the same are applicable from the date of the aforesaid notification. A further 183 Sections have been notified on March 26, 2014 and have become applicable from April 1, 2014. The Companies (Amendment) Act, 2015 has inter-alia amended various Sections of the Companies Act, 2013 to take effect from May 29, 2015. Further, vide the Companies (Amendment) Act, 2015, Section 11 of the Companies Act, 2013 has been omitted and Section 76A has been inserted in the Companies Act, 2013. As on date, Till date, total 427 sections are notified by Ministry of Corporate Affairs. The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

Competition Act, 2002

The Competition Act, 2002 “prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds. There are also different thresholds for those categorized as Individuals and Group. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is Likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities) approving a

proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Industrial (Development and Regulation) Act, 1951

The Industrial (Development and Regulation) Act, 1951 has been liberalized under the New Industrial Policy dated July 24, 1991, and all industrial undertakings have been made exempt from licensing except for certain industries such as distillation and brewing of alcoholic drinks, cigars and cigarettes of tobacco and manufactured tobacco substitutes, all types of electronic aerospace and defense equipment, industrial explosives including detonating fuses, safety fuses, gun powder, nitrocellulose and matches and hazardous chemicals and those reserved for the small scale sector. An industrial undertaking, which is exempt from licensing, is required to file an Industrial Entrepreneurs Memorandum ("IEM") with the Secretariat for Industrial Assistance, Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India, and no further approvals are required.

Indian Contract Act, 1872

Indian Contract Act codifies the way we enter into a contract, execute a contract, and implement provisions of a contract and effects of breach of a contract. The Act consists of limiting factors subject to which contract may be entered into, executed and breach enforced as amended from time to time. It determines the circumstances in which promise made by the parties to a contract shall be legally binding on them. Each contract creates some right and duties upon the contracting parties. Indian contract deals with the enforcement of these rights and duties upon the parties.

The Indian Contract Act also lays down provisions of indemnity, guarantee, bailment and agency. Provisions relating to sale of goods and partnership which were originally in the Act are now subject matter of separate enactments viz., the Sale of Goods Act and the Indian Partnership Act. The objective of the Contract Act is to ensure that the rights and obligations arising out of a contract are honoured and that legal remedies are made available to those who are affected.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

The Registration Act, 1908 ("Registration Act")

The Registration Act was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Registration Act was designed was to ensure information about all deals concerning land so that correct land records could be maintained. The Registration Act is used for proper recording of transactions relating to other immovable property also. The Registration Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

Indian Stamp Act, 1899(the "Stamp Act")

Under the Indian Stamp Act, 1899 (the "Stamp Act") stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped are incapable of being admitted in court as evidence of the transaction contained therein and it also provides for impounding of instruments that are not sufficiently stamped or not stamped at all.

The Arbitration and Conciliation Act, 1996

This act was enacted by Parliament in the Forty-seventh Year of the Republic of India to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. The main objectives of the Act is to comprehensively cover international and commercial arbitration and conciliation as also domestic arbitration and conciliation, to make provision for an arbitral procedure which is fair, efficient and capable of meeting the needs of the specific arbitration, to provide that the arbitral tribunal gives reasons for its arbitral award, to ensure that the arbitral tribunal remains within the limits of its jurisdiction, to minimise the supervisory role of courts in the arbitral process, to permit an arbitral tribunal to use mediation, conciliation or other procedures during the arbitral proceedings to encourage settlement of disputes, to provide that every final arbitral award is enforced in the same manner as if it were a decree of the court, to provide that a settlement agreement reached by the parties as a result of conciliation proceedings will have the same status and effect as an arbitral award on agreed terms on the substance of the dispute rendered by an arbitral tribunal and to provide that, for purposes of enforcement of foreign awards, every arbitral award made in a country to which one of the two International Conventions relating to foreign arbitral awards to which India is a party applies, will be treated as a foreign award.

Electricity Act, 2003

The Electricity Act, 2003 has been recently introduced with a view to rationalize electricity tariff, and to bring about transparent policies in the sector. The Act provides for private sector participation in generation, transmission and distribution of electricity, and provides for the corporatization of the state electricity boards. The related Electricity Regulatory Commissions Act, 1998 has been enacted with a view to confer on these statutory Commissions the responsibility of regulating this sector.

Shops and Establishments legislations in various States

Our Company is governed by the various Shops and Establishments legislations, as applicable, in the states where it has its branch offices. The Consumer Protection Act, 1986("COPRA")

"COPRA" aims at providing better protection to the interests of consumers and for that purpose makes provisions for the establishment of authorities for the settlement of consumer disputes. The COPRA provides a mechanism for the consumer to file a complaint against a trader or service provider in cases of unfair trade practices, restrictive trade practices, defects in goods, deficiency in services; price charged being unlawful and goods being hazardous to life and safety when used. The COPRA provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Non compliance of the orders of these authorities attracts criminal penalties

The Legal Metrology Act, 2009 and the Legal Metrology (Packaged Commodities) Rules, 2011

Legal Metrology Act, 2009 and the rules framed under were enacted with the objectives to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. This act replaced the Standards of Weights and Measures Act,

1976 and the Standards of Weights and Measures (Enforcement) Act, with effect from March 1, 2011 and the rules which came into force from April 1, 2011 replaced Standards of Weights and Measures (Packaged Commodities) Rules, 1977.

B. LAWS RELATING TO LABOUR AND EMPLOYMENT

As part of business of the Company it is required to comply from time to time with certain laws in relation to the employment of labour. A brief description of certain labour legislations which are applicable to the Company is set forth below:

The Factories Act, 1948

The Factories Act defines a ‘factory’ to be any premises including the precincts thereof, on which on any day in the previous 12 months, 10 or more workers are or were working and in which a manufacturing process is being carried on or is ordinarily carried on with the aid of power; or where at least 20 workers are or were working on any day in the preceding 12 months and on which a manufacturing process is being carried on or is ordinarily carried on without the aid of power. State governments prescribe rules with respect to the prior submission of plans, their approval for the establishment of factories and the registration and licensing of factories.

The Factories Act provides that the ‘occupier’ of a factory (defined as the person who has ultimate control over the affairs of the factory and in the case of a company, any one of the directors) shall ensure the health, safety and welfare of all workers while they are at work in the factory, especially in respect of safety and proper maintenance of the factory such that it does not pose health risks, the safe use, handling, storage and transport of factory articles and substances, provision of adequate instruction, training and supervision to ensure workers’ health and safety, cleanliness and safe working conditions. If there is a contravention of any of the provisions of the Factories Act or the rules framed thereunder, the occupier and manager of the factory may be punished with imprisonment or with a fine or with both.

Employees State Insurance Act, 1948, as amended (the “ESIC Act”)

The Employee’s Compensation Act, 1923 has been enacted with the objective to provide for the payment of compensation by certain classes of employers to their work men or their survivors for industrial accidents and occupational diseases resulting in the death or disablement of such workmen. The Act makes every employer liable to pay compensation in accordance with the Act if a personal injury/disablement/loss of life is caused to a workman (including those employed through a contractor) by an accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the Act within one month from the date it falls due, the Commissioner may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

The Minimum Wages Act, 1948

The State Governments may stipulate the minimum wages applicable to a particular industry. The minimum wages generally consist of a basic rate of wages, cash value of supplies of essential commodities at concession rates and a special allowance, the aggregate of which reflects the cost of living index as notified in the Official Gazette. Workers are to be paid for over time at over time rates stipulated by the appropriate State Government. Any contravention may result in imprisonment of upto six months or a fine of upto Rs. 500. Further, employees who have been paid less than the minimum wages are entitled to the payment of the shortfall amount, together with compensation, which may extend up to ten times the shortfall amount.

Employees’ Compensation Act, 1923

The Employee’s Compensation Act, 1923 (“ECA”) has been enacted with the objective to provide for the payment of compensation by certain classes of employers to their workmen or their survivors for industrial accidents and occupational diseases resulting in the death or disablement of such workmen. The Act makes every employer liable to pay compensation in accordance with the Act if a personal injury / disablement / loss of life is caused to a workman (including those employed through a contractor) by an accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the Act within one month from the date it falls due, the Commissioner may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

Payment of Wages Act, 1936

The Payment of Wages Act applies to the persons employed in the factories and to persons employed in industrial or other establishments, either directly or indirectly through a sub-contractor, where the monthly wages payable to such persons is less than Rs.10,000/-. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

The Payment of Gratuity Act, 1972

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions. Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed Rs. 1 million.

Employees Provident Fund and Miscellaneous Provisions Act, 1952 ("Act") and the schemes formulated there under ("Schemes")

This Act provides for the institution of provident funds, family pension funds and deposit linked insurance fund for the employees in the factories and other establishments. Accordingly, the following schemes are formulated for the benefit of such employees:

- i. **The Employees Provident Fund Scheme:** As per this Scheme, a provident fund is constituted and both the employees and employer contribute to the fund at the rate of 12% (or 10% in certain cases) of the basic wages, dearness allowance and retaining allowance, if any, payable to employees per month.
- ii. **The Employees Pension Scheme:** Employees' Pension Scheme is Pension Scheme for survivors, old aged and disabled persons. This Scheme derives its financial resource by partial diversion from the Provident Fund contribution, the rate being 8.33%. Thus, a part of contribution representing 8.33 per cent of the employee's pay shall be remitted by the employer to the Employees' Pension fund within 15 days of the close of every month by a separate bank draft or cheque on account of the Employees' Pension Fund contribution in such manner as may be specified in this behalf by the appropriate authority constituted under the Act. The Central Government shall also contribute at the rate of 1.16 per cent of the pay of the members of the Employees' Pension Scheme and credit the contribution to the Employees' Pension Fund.
- iii. **The Employees Deposit Linked Insurance Scheme:** As per this Scheme, the contribution by the employer shall be remitted by him together with administrative charges at such rate as the Central Government may fix from time to time under Section 6C (4) of the Act, to the Insurance Fund within 15 days of the close of every month by a separate bank draft or cheque or by remittance in cash in such manner as may be specified in this behalf by the appropriate authority constituted under the Act.

Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 ("PoB") Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

The Equal Remuneration Act, 1976 ("Equal Remuneration Act") and Equal Remuneration Rules, 1976

The Constitution of India provides for equal pay for equal work for both men and women. To give effect to this provision, the Equal Remuneration Act, 1976 was implemented. The Act provides for payment of equal wages for equal work of equal nature to male or female workers and for not making discrimination against female employees in the matters of transfers, training and promotion etc.

Child Labour (Prohibition and Regulation) Act, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Under this Act the employment of child labour in the building and construction industry is prohibited.

The Maternity Benefit Act, 1961("Maternity Act")

The Maternity Benefit Act, 1961 was enacted by Parliament in the Twelfth Year of the Republic of India to regulate the employment of women in certain establishments for certain periods before and after child-birth and to provide for maternity benefit and certain other benefits.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at work place and prevention of sexual harassment at work place. The Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000/- (Rupees Fifty Thousand Only).

The Industrial Disputes Act, 1947

The Industrial Disputes Act, 1947(the "ID") provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workmen.

Inter State Migrant Workers (Regulation of Employment and Conditions of Service) Act, 1979;

The Inter State Migrant Workers (Regulation of Employment and Conditions of Service) Act, 1979 was enacted by Parliament in the Thirtieth Year of the Republic of India to regulate the employment of inter-State migrant workmen and to provide for their conditions of service and for matters connected therewith. This Act makes provision for availing with the onsite services of interstate workers by the contractors / establishments to overcome only the temporary shortage of required skilled workers in a state. The purpose of this act is not to encourage interstate migration of workers against the interests of local workers as the principal employers would have to incur more cost in deploying interstate workers.

Industrial Employment (Standing Orders) Act, 1946

The Industrial Employment (Standing Orders) Act, 1946 require employers in industrial establishments formally to define conditions of employment under them and applies to every industrial establishment wherein one hundred or more workmen are employed, or were employed on any day of the preceding twelve months.

Apprentices Act, 1961

The Apprentices Act was enacted in 1961 for imparting training to apprentices i.e. a person who is undergoing apprenticeship training in pursuance of a contract of apprenticeship. Every employer shall make suitable arrangements in his workshop for imparting a course of practical training to every apprentice engaged by him in accordance with the programme approved by the apprenticeship adviser. The central apprenticeship adviser or any other person not below the rank of an assistant apprenticeship adviser shall be

given all reasonable facilities for access to each apprentice with a view to test his work and to ensure that the practical training is being imparted in accordance with the approved programme.

C. TAX LAWS

The Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act.

Finance Act, 1994 (Service Tax)

Service tax is charged on taxable services as defined in Chapter V of Finance Act, 1994, (as amended from time to time) which requires a service provider of taxable services to collect service tax from a service recipient and pay such tax to the Government. In accordance with Rule 6 of Service tax Rules, the assesses is required to pay Service tax in TR 6 challan by fifth of the month immediately following the month to which it relates. Further under Rule 7(1) of Service Tax Rules, the company is required to file a half yearly return in Form ST 3 by twenty fifth of the month immediately following the half year to which the return relates.

The Goods and Services Tax Act, 2017

Goods and Services Tax (GST) is considered to be the biggest tax reform in India since independence. It will help realise the goal of “One Nation-One Tax-One Market.” GST is expected to benefit all the stakeholders – industry, government and consumer.

Goods and Services Tax (GST) is an indirect tax throughout India and was introduced as The Constitution (One Hundred and Twenty Second Amendment) Act 2017, following the passage of Constitution 122nd Amendment Bill. The GST is governed by GST Council and its Chairman is Union Finance Minister of India – Arun Jaitley. This Act has been made applicable with effect from 1st July 2017. With the introduction of GST all central, state level taxes and levies on all goods and services have been subsumed within an integrated tax having two components – central GST and a state GST. Thus there will be a comprehensive and continuous mechanism of tax credits. The Central government passed four sets of GST Acts in the Budget session this year. These were Central GST Act, 2017; Integrated GST Act, 2017; Union Territory GST Act, 2017 and GST (Compensation to States) Act, 2017. The Acts were approved by the Parliament after they were introduced as the part of the Money Bill. Following the passage of GST Acts, the GST council has decided 4 tax rate slabs viz., 5%, 12%, 18% and 28% on supply of various goods and services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single State will be levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that State. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax, therefore, taxes are paid to the State where the goods or services are consumed and not the State in which they were produced.

D. INTELLECTUAL PROPERTY LAWS

India has certain laws relating to intellectual property rights such as patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 trademark protection under the Trade Marks Act, 1999, and design protection under the Designs Act, 2000.

The Trademarks Act, 1999

The Act provides for the process for making an application and obtaining registration of trademarks in India. The purpose of the Trademarks Act is to grant exclusive rights to marks such as a brand, label, heading and to obtain relief in case of infringement for commercial purposes as a trade description. The Trademarks Act prohibits registration of deceptively similar trademarks and provides for penalties for infringement, falsifying and falsely applying trademarks.

The Designs Act, 2000

This Act protects any visual design of objects that are not purely utilitarian. An industrial design consists of the creation of a shape, configuration or composition of pattern or colour, or combination of pattern and colour in three-dimensional form containing aesthetic value. It provides an exclusive right to apply a design to any article in any class in which the design is registered.

The Patents Act, 1970 (“Patent Act”)

The purpose of the “Patent Act” in India is to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent. An application for a patent can be made by (a) person claiming to be the true and first inventor of the invention; (b) person being the assignee of the person claiming to be the true and first inventor in respect of the right to make such an application; and (c) legal representative of any deceased person who immediately before his death was entitled to make such an application. Penalty for the contravention of the provisions of the Patents Act include imposition of fines or imprisonment or both.

E. FOREIGN INVESTMENT REGULATIONS

The Foreign Trade (Development & Regulation) Act, 1992

The Foreign Trade (Development & Regulation) Act, 1992, provides for the development and regulation of foreign trade by facilitating imports into and augmenting exports from India and for matters connected therewith or incidental thereto.

Foreign Exchange Management Act, 1999 (“the FEMA”), and Rules and Regulations thereunder

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer of Issue of Security by a person Resident Outside India) Regulations, 2000 (“FEMA Regulations”) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

ANNEXURE – IV

SIGNIFICANT ACCOUNTING POLICIES

(1) Accounting Convention

The financial statement are prepared under the historical cost convention on the “Accrual Concept” of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards issued by the institute of Chartered Accountants of India to the extent applicable and with the relevant provisions of the Companies Act, 2013.

(2) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statement and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which results are known/materialized.

(3) Fixed Assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective fixed assets on completion of construction / erection of the capital project / fixed assets.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

(4) Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

(5) Depreciation

All fixed assets, except capital work in progress, are depreciated on a Straight Line Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition / deletion as the case may be.

(6) Investments

Long term investments are stated at cost. Current investments are stated at lower of cost and market price. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary in the opinion of the management.

(7) Inventories

Inventories are measured at lower of cost and net realizable value. Cost of raw materials, stores & spares parts are ascertained on FIFO basis. Cost of finished goods and process stock is ascertained on full absorption cost basis. Cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing in them to their present location & condition.

(8) Revenue Recognition

Sales are recognized when goods are supplied. Sales are net of trade discounts, rebates and vat. It does not include interdivisional sales.

Revenue in respect of other items is recognized when no significant uncertainty as to its determination or realization exists.

(9) Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

(10) Employee Benefits

Short – term employee benefits are recognized as an expense at the undiscounted amount in the profit & loss account of the year in which the related service is rendered.

Post-employment and other long term employee benefits are recognized as an expense in the profit & loss account for the year in which the liabilities are crystallized

(11) Taxes on Income.

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet date.

(12) Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Contingent liabilities are not recognized but are disclosed in the notes.

Contingent assets are neither recognized nor disclosed in the financial statements.

COMPETITIVE STRENGTHS

Quality Assurance and Standards

We believe in providing our customers the best possible quality by products and our Company is ISO 9001:2015 certified. Quality standards followed right from the beginning are very stringent, and adhere during the manufacturing and processing process. We are very particular and stringent about hygiene and fumigation throughout the processing process. Our dedicated efforts towards the quality of products, processes and inputs have helped us gain a competitive advantage over others. We believe that our quality products have earned us a goodwill from our customers, which has resulted in repeat services orders from many of them.

Experienced Promoters and a well-trained employee base

Our promoters are experienced in our line of business. Our management and employee team combines expertise and experience to outline plans for the future development of the company. Our Company started its operations in the year 2012-13 and since then we have witnessed consistent and stable growth. Our Promoters have significant industry experience and has been instrumental in the consistent growth of our company. We believe that the knowledge and experience of our promoter and management will enables us to identify new opportunities, rapidly respond to market conditions, adapt to changes in the business landscape and competitive environment and enhances the growth in the business.

Extensive distribution network

Our distribution network ensures our product availability to our customers translating into efficient supply chain, focused customer service and short turnaround times for product delivery. Our delivery base is supported by an efficient sub dealer and distribution network and sales team and making our products available on the shelf across most places at all times thereby reducing dealer stock levels and increased annual sales.

Cost Effective sourcing and Strategic Location of Manufacturing Unit

We believe that our cost efficient manufacturing and supply chain management results in a significant reduction in our operational costs. With our experience, we are able to gauge our procurement of raw materials in timely manner. Further, our manufacturing units, situated within the state of Gujarat are ensured with sufficient raw material which is locally procured. The location of our current manufacturing facilities gives us a significant competitive cost advantage in terms of raw material sourcing manufacturing and labour costs and enables us to address the western markets efficiently.

OUR BUSINESS STRATEGY

Leveraging our Market skills and Relationships

This is a continuous process in our organization and the skills that we impart in our people give importance to customers. We are planning to make our products available in more countries by expanding our network and reaching new countries. Newer products in our portfolio are helping us in this regard. In respect of the countries in which we are already present, we are expanding our network by going into more locations. We aim to do this by leveraging our marketing skills and relationships and further enhancing customer satisfaction. We plan to increase our customers by meeting orders in hand on time, maintaining our customer relationship and renewing our relationship with existing buyers.

To build-up a professional organization

As an organization we believe in transparency and commitment in our work among our work force and with our suppliers, customers, government authorities, banks, financial institutions etc. We have employed experienced persons for taking care of our day to day activities. We also consult with outside agencies on a case to case basis on technical and financial aspects of our business. Hence, the philosophy of professionalism is foundation stone of our business strategy and we wish to make it more sound and strong in times to come.

Expansion of Domestic Market

We intend to expand our geographical reach and enter the large domestic market for growth opportunities of our business. We plan to deepen our presence in the existing market and expand our reach and penetrate into the large available market by giving scale down low price solution and grab major market share.

Improving operational efficiencies

Our Company intends to improve efficiencies to achieve cost reductions so that they can be competitive. We believe that this can be done through domestic presence and economies of scale. Increasing our penetration in existing regions with new range of products, will enable us to penetrate into new catchment areas within these regions and optimize our infrastructure. As a result of these measures, our company will be able to increase its market share and profitability.

OUR PRODUCTS:-

S.No.	Name of Products	Description
1.	Cattle Feeds	Rice bran is a by-product of the rice milling process in which brown rice is converted to white rice. The rice bran is generally processed to extract the oil present in it that is mainly used for cooking purposes because of its low fat content. Once the oil is extracted the left product is de oiled rice bran which has very less fat, low fiber content. The de oil rice bran pallets are rich sources of valuable amino acids like methionine, cysteine & lysine and phosphorus and are the prime sources of food for fish, poultry and cattle.
2.	Cotton Seeds Meal Cake	Cottonseed meal is a high protein by-product from the extraction of oil from whole cottonseed. There are two different processing methods used to extract the oil from the cottonseed, and they differ in the amount of oil (fat) they leave in the meal. The amount of oil left in the meal affects its energy value. These products can be manufactured by using solvent extractions OR oil extractions plant technology using Hexane Solvents etc. “Cotton Seeds Meals Cakes” are residual product after oil extracted from cotton seeds OR cotton seeds cakes. There are only 0.5 to 1.5 % oils remains in these products, Cotton Seeds Meals Cakes.
3.	Cotton Seeds Meal Grinder	Cottonseed meal is a good source of protein. Basically Cotton Seed Meal Grinder is produce from Cotton Seed Meal kernels. Most of the meal is extracted mechanically through cotton seed kernels. The flaked cottonseed kernels are put into high pressure through a screw inside a barrel which is constantly revolving. The screw pushes out the oil through the openings made in the barrel. The dry pieces left in the barrel are preserved and ground into meal. On the other hand, during the solvent extraction process, the cotton seed kernels are subjected to fine grinding by pushing them through an expander and then the solvent is used to extract most of the oil. The solvent extracted

		meals have a lower fat content of 0.5% than the mechanically extracted meals with a fat content of 2.0%. Cottonseed meal is considered to have more arginine than soybean meal. Cottonseed meal can be used in multiple ways: either alone or by mixing it with other plant and animal protein sources. Cottonseed meal is palatable and commonly is used in cattle rations. In the southern and western U.S. Solvent extracted cottonseed meal is the more common of the two types and has about 89 percent of the energy value of 44 percent protein soybean meal.
4.	Delinted Cotton Seeds	Delinted Cottonseed is seed which has been processed to remove the linters. Most delinted seed uses a mechanical method for removing linters which usually leaves about 1-2% residual linters on the seeds. Caution should be exercised when accepting cull planting seed for feeding. Verification that no seed treatment chemicals are present should be obtained before using cull planting seed for feed. Utilization of both pima and acid-delinted seed can be improved by rolling or cracking before feeding. Delinting increases nutrient density and flow ability of the product.
5.	Guar Meal	Guar Meal is a by-product after processing the Guar Seed. That is, Guar gum is extracted from the guar seed <i>Cyanosis Tetra gonoloba</i> of leguminous plant. The extracted guar meal is further processed by toasting at a high temperature to remove Trypsin Inhibitor, thus improving its nutritive value. We are the leading manufacturer & exporter of Guar Meal Korma. These are used as a valuable cattle feed as they are rich in protein. In international market these are popularly known as guar meal and are sold worldwide. It is processed by toasting at high temperature to remove natural trypsin inhibitor.
6.	Cotton Linter	Linted Cottonseed, often referred to as "fuzzy seed" or "whole cottonseed" is the seed left after ginning the long fibers from upland varieties of cotton. The short fibers remaining on the seed are called linters and are a source of readily digestible cellulose for ruminants. The amount of linters left on the seed varies from 4-8%. We produce cotton linter having cellulose yield more than 80% mostly mill run cut cotton linter is available. Whole cottonseed is a source of protein, energy and fiber for ruminant animals.
7.	Neem Cake Fertilizers	Our organization is offering Neem Cake Fertilizer to our clients. Neem Cake as a fertilizer in their fields, the dual activity of Neem cake as fertilizer and pest repellent has made it a favored input. Neem cake Fertilizer are widely used in India to fertilize cash crops. Then Neem Cake is ploughed in to the soil, it also protects plant roots from Nematodes and white ants, Farmers in southern parts of India puddle neem leaves into flooded rice fields before the rice seedling are transplanted. Application to the neem cake to crops provides them with various nutrients, besides the Neem Cake Fertilizer can also reduce the number of soil insect pests, fungi, bacteria and nematodes and protects the cope from damage caused by these organisms.
8.	Soyabean Meal	Soybean Meal manufactured by Narmada Agrobase is free flowing, coarse and granular. It is produced from cleaned, Non GMO Soya beans, after a series of preparatory physical processes, followed by a multi stage extraction of Oil. All of this is, in a highly sophisticated, hygienically controlled plant. The processing of Soyabean Meal involves a series of heat treatments thereby destroying all its anti-nutritional factors. Soybean meal is used by Broilers, Layers and Turkeys; Swine, Ruminants, Beef Cattle, Dairy and Sheep and also finds its way into a large variety of uses (Pet Foods, Aquaculture, Minor Feed Uses, Food and Industrial uses).
9.	Cotton Seeds Hulls	Cottonseed hulls are used mostly in the southern area of the U.S. They are low in protein, calcium, phosphorus and energy and high in fiber. Cottonseed hulls are palatable and are used as a roughage for cattle, especially in areas where good quality forages are scarce. They occasionally are included in grain mixes to increase the bulk density and crude fiber content. They can be helpful in supporting fat test in low fiber or low roughage rations.

Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

Narmada Agrobase Limited

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- To register himself or herself as the holder of the Equity Shares; or
- To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Section 2: Brief Introduction to IPOs on SME Exchange

2.1 Initial public offer (IPO)

An IPO means an offer of specified securities by an unlisted Issuer to the public for subscription and may include an Offer for Sale of specified securities to the public by any existing holder of such securities in an unlisted Issuer.

For undertaking an IPO, an Issuer is inter-alia required to comply with the eligibility requirements of in terms of either Regulation 26(1) or Regulation 26(2) of the SEBI ICDR Regulations, 2009 if applicable. For details of compliance with the eligibility requirements by the Issuer Applicants may refer to the Prospectus.

The Issuer may also undertake IPO under Chapter XB of SEBI (ICDR) regulations, wherein as per,

- Regulation 106M (1): An issuer whose post-issue face value capital does not exceed ten crore rupees shall issue its specified securities in accordance with provisions of this Chapter.
- Regulation 106M (2): An issuer whose post-issue face value capital is more than ten crore rupees and upto twenty five crore rupees, may also issue its specified securities in accordance with provisions of this Chapter.

The present Issue being made under Regulation 106M (1) of Chapter XB of SEBI (ICDR) Regulation.

2.2 Other Eligibility Requirements

In addition to the eligibility requirements specified in paragraphs 2.1 an Issuer proposing to undertake an IPO is required to comply with various other requirements as specified in the SEBI ICDR Regulations, 2009, the Companies Act, 1956 and the Companies Act,

2013 as may be applicable (“the Companies Act), the Securities Contracts (Regulation) Rules, 1957 (the “SCRR”), industry-specific regulations, if any, and other applicable laws for the time being in force.

Following are the eligibility requirements for making an SME IPO under Regulation 106M (2) of Chapter XB of SEBI (ICDR) Regulation:

- a) In accordance with Regulation 106(P) of SEBI (ICDR) Regulation, Issue has to be 100% underwritten and the LM has to underwrite at least 15% of the total issue size.
- b) In accordance with regulation 106(R) of SEBI (ICDR) Regulation, total number of proposed allottees in the Issue shall be greater than or equal to fifty, otherwise the entire application money will be blocked forthwith. If such money is not repaid within eight days from the date the company becomes liable to repay it, than the Company and every officer in default shall, on and from expiry of eight days, be liable to repay such application money, with interest as prescribed under Section 40 of the Companies Act, 2013.
- c) In accordance with Regulation 106(O) the SEBI (ICDR) Regulation, Company is not required to file any Offer Document with SEBI nor has SEBI issued any observations on the Offer Document. The Lead Manager shall submit the copy of Prospectus along with a Due Diligence Certificate including additional confirmations as required to SEBI at the time of filing the Prospectus with Stock Exchange and the Registrar of Companies.
- d) In accordance with Regulation 106(V) of the SEBI (ICDR) Regulation, the LM has to ensure compulsory market making for a minimum period of three years from the date of listing of Equity Shares offered in the Issue.
- e) The Issuer shall have Net Tangible Assets of at least Rs. 1 crore as per the latest audited financial result.
- f) The Net worth (excluding revaluation reserves) of the Issuer shall be at least Rs. 1 crore as per the latest audited financial result.
- g) The issuer should have a tract record of distributable profits in terms of Section 123 of Companies Act, 2013 for two out of immediately preceding three financial years.
- h) The post –issue paid up capital of the issuer shall be at least Rs. 1 crore.
- i) The issuer shall mandatorily facilitate trading in demat securities
- j) The issuer should not been referred to Board for Industrial and Financial Reconstruction.
- k) No petition for winding up is admitted by a court of competent jurisdiction against the Issuer.
- l) No material regulatory or disciplinary action should have been taken by any stock exchange or regulatory authority in the past three years against the Issuer.
- m) The company should have a website
- n) There has been no change in the promoter(s) of the company in the 1 year preceding the date of filing application to NSE for listing on SME segment.

Issuer shall also comply with all the other requirements as laid down for such an Issue under Chapter X-B of SEBI (ICDR) Regulations and subsequent circulars and guidelines issued by SEBI and the Stock Exchange.

As per Regulation 106 (M) (3) of SEBI (ICDR) Regulation, 2009 the provisions of regulations 6(1), 6(2), 6(3) , Regulation 8, Regulation 9, Regulation 10, Regulation 25, Regulation 26, Regulation 27 and Sub regulation (1) of Regulation 49 of SEBI (ICDR) Regulations, 2009 shall not apply to this Issue.

Thus the Company is eligible for the Issue in accordance with Regulation 106M(2) and other provision of Chapter XB of SEBI (ICDR) Regulations as the post –issue face value capital does not exceed ₹2,500 Lakh. Company also complies with the eligibility conditions laid by the SME Platform of NSE for listing of our Equity Shares.

2.3 Types of Public Issues – Fixed Price Issues and Book Built Issues

In accordance with the provisions of the SEBI ICDR Regulations, 2009, an Issuer can either determine the Issue Price through the Book Building Process (“**Book Built Issue**”) or undertake a Fixed Price Issue (“**Fixed Price Issue**”). An Issuer may mention Floor Price or Price Band in the RHP (in case of a Book Built Issue) and a Price or Price Band in this Draft Prospectus (in case of a fixed price Issue) and determine the price at a later date before registering the Prospectus with the Registrar of Companies.

The cap on the Price Band should be less than or equal to 120% of the Floor Price. The Issuer shall announce the Price or the Floor Price or the Price Band through advertisement in all newspapers in which the pre-issue advertisement was given at least five Working Days before the Bid/Issue Opening Date, in case of an IPO and at least one Working Day before the Bid/Issue Opening Date, in case of an FPO.

The Floor Price or the Issue price cannot be lesser than the face value of the securities.

Applicants should refer to the Prospectus or Issue advertisements to check whether the Issue is a Book Built Issue or a Fixed Price Issue.

2.4 Issue Period

The Issue may be kept open for a minimum of three Working Days (for all category of Applicants) and not more than ten Working Days. Applicants are advised to refer to the Application Form and Abridged Prospectus or Prospectus for details of the Issue Period. Details of Issue Period are also available on the website of Stock Exchange.

2.5 Migration To Main Board

SME Issuer may migrate to the Main Board of Stock Exchange from the SME Exchange at a later date subject to the following:

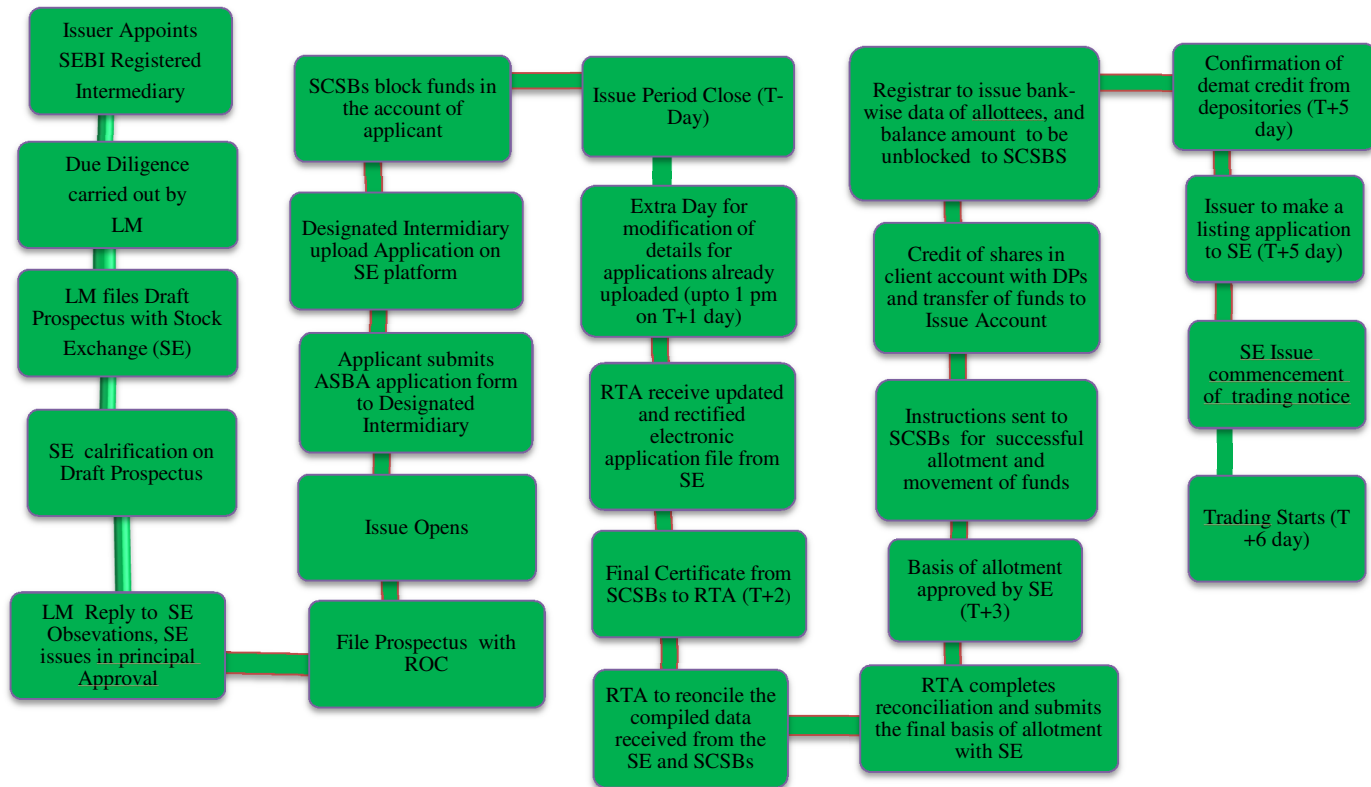

- a) If the Paid up Capital of the Company is likely to increase above Rs. 25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), The Company shall apply to SE for listing of its shares on its Main Board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board.

OR

- b) If the Paid up Capital of the company is more than 10 crores but below Rs. 25 crores, the Company may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

4.1.1 FIELD NUMBER 1: NAME AND CONTACT DETAILS OF THE SOLE/FIRST APPLICANT

Applicants should ensure that the name provided in this field is exactly the same as the name in which the Depository Account is held.

- a) **Mandatory Fields:** Applicants should note that the name and address fields are compulsory and e-mail and/or telephone number/mobile number fields are optional. Applicants should note that the contact details mentioned in the Application Form may be used to dispatch communications (including letters notifying the unblocking of the bank accounts of Applicants) in case the communication sent to the address available with the Depositories are returned undelivered or are not available. The contact details provided in the Application Form may be used by the Issuer,
- b) The Designated Intermediaries and the Registrar to the Issue only for correspondence(s) related to an Issue and for no other purposes.
- c) **Joint Applications:** In the case of Joint Applications, the Applications should be made in the name of the Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Applicant would be required in the Bid cum Application Form/Application Form and such first Applicant would be deemed to have signed on behalf of the joint holders. All communications may be addressed to such Applicant and may be dispatched to his or her address as per the Demographic Details received from the Depositories.
- d) **Impersonation:** Attention of the Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
 - makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
 - otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”
- e) **Nomination Facility to Applicant:** Nomination facility is available in accordance with the provisions of Section 72 of the Companies Act, 2013. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Applicants should inform their respective DP.

4.1.2 FIELD NUMBER 2: PAN NUMBER OF SOLE FIRST APPLICANT

- a) PAN (of the sole/ first Applicant) provided in the Application Form should be exactly the same as the PAN of the person(s) in whose name the relevant beneficiary account is held as per the Depositories’ records.
- b) PAN is the sole identification number for participants transacting in the securities market irrespective of the amount of transaction except for Applications on behalf of the Central or State Government, Applications by officials appointed by the courts and Applications by Applicants residing in Sikkim (“PAN Exempted Applicants”). Consequently, all Applicants, other than the PAN Exempted Applicants, are required to disclose their PAN in the Application Form, irrespective of the Application Amount. An Application Form without PAN, except in case of Exempted Applicants, is liable to be rejected. Applications by the Applicants whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.
- c) The exemption for the PAN Exempted Applicants is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- d) Application Forms which provide the General Index Register Number instead of PAN may be rejected.

- e) Applications by Applicants whose demat accounts have been ‘suspended for credit’ are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as “Inactive demat accounts” and demographic details are not provided by depositories.

4.1.3 FIELD NUMBER 3: APPLICANTS DEPOSITORY ACCOUNT DETAILS

- a) Applicants should ensure that DP ID and the Client ID are correctly filled in the Application Form. The DP ID and Client ID provided in the Application Form should match with the DP ID and Client ID available in the Depository database, **otherwise, the Application Form is liable to be rejected.**
- b) Applicants should ensure that the beneficiary account provided in the Application Form is active.
- c) Applicants should note that on the basis of DP ID and Client ID as provided in the Application Form, the Applicant may be deemed to have authorized the Depositories to provide to the Registrar to the Issue, any requested Demographic Details of the Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for unblocking of ASBA Account or for other correspondence(s) related to an Issue.
- d) Applicants are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Applicants’ sole risk.

4.1.4 FIELD NUMBER 4: APPLICATION DETAILS

- a) The Issuer may mention Price as per Draft Prospectus. However a Prospectus registered with RoC contains one price.
- b) Minimum and Maximum Application Size

- i. For Retail Individual Applicants

The Application must be for a minimum of 4000 equity shares. As the application price payable by the retail individual applicants cannot exceed ₹ 200000 they can make Application for only minimum Application size i.e. for 4000 equity shares.

- ii. For Other Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of equity shares such that the Application Amount exceeds ₹ 200000 and in multiples of 4000 equity shares thereafter. An application cannot be submitted for more than the Issue Size. However, the maximum application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision of Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 200000 for being considered for allocation in the Non-Institutional Portion. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of equity shares that can be held by them under prescribed law or regulation or as specified in this Draft Prospectus.

- c) **Multiple Applications:** An applicant should submit only one Application Form. Submission of a second Application Form to either the same or to the Designated Intermediaries and duplicate copies of Application Forms bearing the same application number shall be treated as multiple applications and are liable to be rejected.
- d) Applicants are requested to note the following procedures may be followed by the Registrar to the issue to detect multiple applications:
- i. All applications may be checked for common PAN as per the records of the Depository. For Applicants other than Mutual Funds and PFI sub-accounts, applications bearing the same PAN may be treated as multiple applications by an Applicant and may be rejected.

- ii. For applications from Mutual Funds and FPI sub-accounts, submitted under the same PAN, as well as Applications on behalf of the PAN Exempted Applicants, the Application Forms may be checked for common DP ID and Client ID. In any such applications which have the same DP ID and Client ID, these may be treated as multiple applications and may be rejected.
- e) The following applications may not be treated as multiple applications:
 - i. Application by Reserved Categories in their respective reservation portion as well as that made by them in the Net Issue portion in public category.
 - ii. Separate applications by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Application clearly indicates the scheme for which the application has been made.
 - iii. Application by Mutual Funds, and sub-accounts of FPIs (or FPIs and its sub-accounts) submitted with the same PAN but with different beneficiary account numbers, Client IDs, and DP IDs.

4.1.5 FIELD NUMBER 5: CATEGORY OF APPLICANTS

- a) The categories of Applicants identified as per the SEBI ICDR Regulations, 2009 as amended for the purpose of Application, allocation and allotment in the Issue are RIIs, Individual applicants other than RIIs, and other investors (including corporate bodies or institutions, irrespective of the number of specified securities applied for).
- b) An Issuer can make reservation for certain categories of Applicants as permitted under the SEBI ICDR Regulations, 2009 as amended. For details of any reservations made in the Issue, Applicants may refer to the Prospectus.
- c) The SEBI ICDR Regulations, 2009, specify the allocation or allotment that may be made to various categories of Applicants in an Issue depending upon compliance with the eligibility conditions. For details pertaining to allocation and Issue specific details in relation to allocation Applicant may refer to the Prospectus.

4.1.6 FIELD NUMBER 6: INVESTOR STATUS

- a) Each Applicant should check whether it is eligible to apply under applicable law and ensure that any prospective allotment to it in the Issue is in compliance with the investment restrictions under applicable law.
- b) Certain categories of Applicants, such as NRIs, FIIs, FPIs and FVCIs may not be allowed to Apply in the Issue or hold Equity Shares exceeding certain limits specified under applicable law. Applicants are requested to refer to the Prospectus for more details.
- c) Applicants should check whether they are eligible to apply on non-repatriation basis or repatriation basis and should accordingly provide the investor status. Details regarding investor status are different in the Resident Application Form and Non-Resident Application Form.
- d) Applicants should ensure that their investor status is updated in the Depository records.

4.1.7 FIELD NUMBER 7: PAYMENT DETAILS

- a) All Applicants are required to use ASBA facility to block the full Amount (net of any Discount, as applicable) along-with the Application Form. If the Discount is applicable in the Issue, the RIIs should indicate the full Amount in the Application Form and the funds shall be blocked for Amount net of Discount. Only in cases where the Prospectus indicates that part payment may be made, such an option can be exercised by the Applicant.
- b) All categories of investors can participate in the Issue only through ASBA mechanism.
- c) Application Amount cannot be paid in cash, through money order or through postal order or through stock invest.

- (c) Applicant should ensure that the Application Form is also signed by the ASBA Account holder(s) if the Applicant is not the ASBA Account holder;
- (d) Applicant shall note that for the purpose of blocking funds under ASBA facility clearly demarcated funds shall be available in the account.
- (e) From one ASBA Account, a maximum of five Application Forms can be submitted.
- (f) Applicants applying through a member of the Syndicate should ensure that the Application Form is submitted to a member of the Syndicate only at the Specified Locations. Applicants should also note that Application Forms submitted to the Syndicate at the Specified Locations may not be accepted by the member of the Syndicate if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the members of the Syndicate to deposit Application Forms (a list of such branches is available on the website of SEBI at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>).
- (g) Applicants applying through a Registered Broker, RTA or CDP should note that Application Forms submitted to them may not be accepted, if the SCSB where the ASBA Account, as specified in Application Form, is maintained has not named at least one branch at that location for the Registered Brokers, RTA or CDP, as the case may be, to deposit Application Forms.
- (h) ASBA Applicant applying directly through the SCSBs should ensure that the Application Form is submitted to a Designated Branch of a SCSB where the ASBA Account is maintained.
- (i) Upon receipt of Application Form, the Designated Branch of the SCSB may verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form.
- (j) If sufficient funds are available in the ASBA Account, the SCSB may block an amount equivalent to the Application Amount mentioned in the Application Form may upload the details on the Stock Exchange Platform.
- (k) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB may not upload such Applications on the Stock Exchange platform and such Applications are liable to be rejected.
- (l) Upon submission of a completed Application Form each Applicant may be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount specified in the Application Form in the ASBA Account maintained with the SCSBs.
- (m) The Application Amount may remain blocked in the aforesaid ASBA Account until finalization of the Basis of allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal or failure of the Issue, or until withdrawal or rejection of the Application, as the case may be.
- (n) SCSBs applying in the Issue must apply through an Account maintained with any other SCSB; else their Application is liable to be rejected.

4.1.8 Unblocking of ASBA Account

- a) Once the Basis of Allotment is approved by the Designated Stock Exchange, the Registrar to the Issue may provide the following details to the controlling branches of each SCSB, along with instructions to unblock the relevant bank accounts and for successful applications transfer the requisite money to the Public Issue Account designated for this purpose, within

the specified timelines: (i) the number of Equity Shares to be Allotted, if any, against each Application, (ii) the amount to be transferred from the relevant bank account to the Public Issue Account, for each Application, (iii) the date by which funds referred to in (ii) above may be transferred to the Public Issue Account, and (iv) details of rejected/ non allotment / partial allotment ASBA Application, if any, along with reasons for rejection and details of withdrawn or unsuccessful Application, if any, to enable the SCSBs to unblock the respective bank accounts.

- b) On the basis of instructions from the Registrar to the Issue, the SCSBs may transfer the requisite amount against each successful Application to the Public Issue Account and may unblock the excess amount, if any, in the ASBA Account. In the event of withdrawal or rejection of the Application Form and for unsuccessful Application, the Registrar to the Issue may give instructions to the SCSB to unblock the Application Amount in the relevant ASBA Account within 6 Working Days of the Issue Closing Date.

4.1.8.1 Discount (if applicable)

- Details of ASBA Account not provided in the Application form
- From one ASBA Account, more than five applications are made by applicant.

For details of instructions in relation to the Application Form, Applicants may refer to the relevant section of GID.

APPLICANT SHOULD NOTE THAT IN CASE THE PAN, THE DP ID AND CLIENT ID MENTIONED IN THE APPLICATION FORM AND ENTERED INTO THE ELECTRONIC APPLICATION SYSTEM OF THE STOCK EXCHANGE BY THE BROKERS DO NOT MATCH WITH PAN, THE DP ID AND CLIENT ID AVAILABLE IN THE DEPOSITORY DATABASE, THE APPLICATION FORM IS LIABLE TO BE REJECTED.

SECTION 6: ISSUE PROCEDURE IN BOOK BUILT ISSUE

This being the Fixed Price Issue this section is not applicable for this Issue.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

7.1 Basis of Allotment

Allotment will be made in consultation with SME Platform of NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).
- b) The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For applications where the proportionate allotment works out to less than 4000 Equity Shares the allotment will be made as follows:
 - i. Each successful applicant shall be allotted 4000 Equity Shares;
 - ii. The successful applicants out of the total applicants for that category shall be determined by the drawal of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- d) If the proportionate allotment to an applicant works out to a number that is not a multiple of 4000 Equity Shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of 4000 Equity Shares subject to a minimum allotment of 4000 Equity Shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the lower nearest multiple of 4000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, upto 110% of the size of the offer specified under the Capital Structure mentioned in the Prospectus.
- f) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for Retail Individual applicants as described below:
 - i. As per Regulation 43(4) of the SEBI (ICDR) Regulations, as the Retail Individual Investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - ii. Remaining to Individual applicants other than retail individual investors and Other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for;
 - iii. The unsubscribed portion in either of the categories specified in (a) or (b) above may be available for allocation to the applicants in the other category, if so required.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with SME Platform of NSE.

The Executive Director/ Managing Director of the SME Platform of NSE, Designated Stock Exchange in addition to Lead Merchant Banker and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations, 2009.

7.2 DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

- a) **Designated Date:** On the Designated Date, the SCSBs shall transfer the funds represented by allocation of Equity Shares into the Public Issue Account with the Bankers to the Issue.
- b) **Issuance of Allotment Advice:** Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. Applicants **are advised to instruct their Depository Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.**

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Applicants who have been Allotted Equity Shares in the Issue.

- c) The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- d) Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) initiate corporate action for credit of shares to the successful Applicants Depository Account will be completed within 5 Working Days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Applicant's depository account is completed within 5 Working Days of the Issue Closing Date.

SECTION 8: INTEREST AND REFUNDS

8.1 COMPLETION OF FORMALITIES FOR LISTING & COMMENCEMENT OF TRADING

The Issuer may ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at all the Stock Exchanges are taken within 6 Working Days of the Issue Closing Date. The Registrar to the Issue may give instructions for credit to Equity Shares the beneficiary account with DPs, and dispatch the Allotment Advice within 6 Working Days of the Issue Closing Date.

8.2 GROUNDS FOR UNBLOCKING OF FUNDS

8.2.1 Non Receipt of Listing Permission

An Issuer makes an application to the Stock Exchange(s) for permission to deal in/list and for an official quotation of the Equity Shares. All the Stock Exchanges from where such permission is sought are disclosed in Prospectus. The Designated Stock Exchange may be as disclosed in the Prospectus with which the Basis of Allotment may be finalized.

If the permissions to deal in and for an official quotation of the Equity Shares are not granted by any of the Stock Exchange(s), the Issuer may forthwith initiate action to unblock the application amount from the Investors accounts. If such money is not repaid within the eight days after the Issuer becomes liable to repay it, then the Issuer and every director of the Issuer who is an officer in default may, on and from such expiry of eight days, be liable to repay the money, with interest at such rate, as prescribed under Section 73 of Companies Act, and disclosed in the Prospectus.

8.2.2 Minimum Subscription

This Issue is not restricted to any minimum subscription level. This Issue is 100% underwritten.

As per Section 39 of Companies Act, 2013 if the "stated minimum amount" has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our company does not receive the 100% subscription of the offer through the Offer Document including devolvment of underwriters , if any, within sixty (60) days from the date of closure of the issue, our company shall forthwith unblocked the entire application amount received. If there is a delay beyond eighty days after our company becomes liable to pay the amount, our company and every officer in default will, on and from the expiry of this period be jointly and severally liable to repay the money, with interest or other penalty as prescribed under SEBI Regulations and the Companies Act, 2013.

The minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50 no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked within 6 working days of closure of the issue.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government, the FDI Policy (as defined below) and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are FIPB and the RBI.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP"), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

Subscription by foreign investors (NRIs/FPIs)

FPIs are permitted to subscribe to Equity Shares of an Indian Company in a public Issue without the prior approval of the RBI, so long as the price of the Equity Shares to be issued is not less than the price at which the Equity Shares are issued to residents. SEBI registered FPIs have been permitted to purchase shares of an Indian company through Issue, subject to total FPI investment being within the individual FPI/sub account investment limit of 10 per cent subject to the total sectoral cap of all FPIs/sub-accounts put together being 24 per cent of the paid-up capital of the Indian company.

The transfer of shares between an Indian resident and a Non-resident does not require prior approval of FIPB or RBI, subject to fulfilment of certain conditions as specified by DIPP / RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the foreign direct investment ("FDI") Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company.

Representation from the Applicants

No person shall make an application in the Issue, unless such person is eligible to acquire Equity Shares of our Company in accordance with applicable laws, rules, regulations, guidelines and approvals.

Investors that make application under the Issue will be required to confirm and will be deemed to have represented to our Company, the Underwriters, and their respective directors, officers, agents, affiliates and representatives, as applicable, that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire Equity Shares of our Company and will not Issue, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines and approvals to acquire Equity Shares of our Company. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

There is no reservation for Non-Residents, NRIs, FPIs, foreign venture capital funds, multi-lateral and bilateral development financial institutions and any other foreign investor. All Non-Residents, NRIs, FPIs and foreign venture capital funds, multi-lateral and bilateral development financial institutions and any other foreign investor applicants will be treated on the same basis with other categories for the purpose of allocation.

As per the existing policy of the Government of India, OCBs also cannot participate in any Public Issue.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as defined in Regulation S promulgated under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the

Narmada Agrobase Limited

registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered and sold outside the United States to certain persons in offshore transactions in compliance with Regulation S under the Securities Act. Our Company, LM and the Issue Management Team are not making any selling efforts in any jurisdiction outside India.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
